MGT101 PPT Slides

(Module) 1 To 09 Complete

Regards : Zarva Chaudhary

Admin:

* Zarva Chaudhary *

Chandhary Moazzam

* Laiba Maki *

The background features a collage of financial and business-related icons. At the top right is a colorful circular chart with concentric rings in yellow, green, and blue. Below it is a purple pie chart with a white arrow pointing to a segment. To the right of the pie chart is a small line graph showing an upward trend. At the bottom right is a calculator. In the bottom center are several stacks of coins. The entire background is overlaid with a grid of small, light gray squares and dotted lines, giving it a technical or digital feel.

Chapter - 1

Basics of Financial Accounting

Video number 1-11 are mandatory part of this module

MGT 101
Financial Accounting

By
Mian Ahmad Farhan, FCA

Contents

Sr. No	Course Outline – Topics
1	Definition of Accounting & Financial Information
2	Sources of Financial Information
3	Money Measurement & Financial Position
4	Functions of Financial Accounting
5	Elements of Financial Statements
6	Entity and Separate Entity Concept
7	User of Financial Information
8	Underlying Assumption – Going Concern
9	Recognition of the elements of financial statements
10	Measurement of the elements of financial statements
11	Qualitative characteristics of useful financial information

Basics of Financial Accounting

An abstract background graphic featuring a collage of financial and accounting symbols. It includes a large, faint circular pattern of dots, a colorful circular chart with concentric rings, a pie chart, a calculator, and several stacks of coins. The overall theme is financial data and accounting.

Definition of Accounting and Financial Information

Accounting

Is accounting:

- process
- activity
- system
- subject

Accounting is a Language

Language is a medium that is used to

1. **communicate**
2. **understand**

some

- **ideas**
- **policies**
- **plans**
- **information**

Definition of Accounting

Accounting is a language that is used to

1. communicate and
2. understand the

- financial ideas
- financial policies
- financial plans
- financial information

Branches of Accounting

Financial Accounting

- financial information

Management Accounting

- financial ideas
- financial policies
- financial plans

Financial information

- An information that is
1. measurable in terms of money, and
 2. causing a change in financial position of an entity

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular chart with concentric rings in shades of blue, green, yellow, and orange. Overlaid on this are various data elements: a line graph with a rising trend, a pie chart, and several numerical values like '23' and '5%'. The overall aesthetic is modern and data-driven, with a light gray grid and dotted lines connecting different points.
1. **Accounting is a language**
 2. **Financial information is measurable in terms of money and belongs to the past**

Basics of Financial Accounting

An abstract background graphic on the right side of the slide. It features a large, faint, light-gray circular pattern resembling a globe or a series of concentric circles. Overlaid on this are various financial and technological icons: a colorful circular chart with segments in yellow, green, blue, and red; a purple and pink pie chart; a calculator; and several stacks of coins. The overall theme is financial accounting and data analysis.

Sources of Financial Information

Sources of Financial Information

There are three sources of financial information

- i. **Transactions**
- ii. **Events**
- iii. **Conditions**

also known as accounting phenomena

Transaction

Transaction occurs when two persons deal with each other.

Social motives dealings
Social transaction

birthday gift etc.

Economic benefits dealing
____Accounting
transaction

*monetary dealing between
the entity and other*

Accounting Transaction

Dealing between entity and other persons:

1. entity with owner/s
2. entity with any person other than the owner/s

There are two *criteria* to identify an accounting transaction:

1. Measurability in terms of money
2. Dealing of the entity with other person

Practice 1.1

Keeping in view the criteria, identify which of the following information is accounting transaction:

1. Payment of staff salaries made by cheque.
2. Appointing a production manager on contract.
3. Having a conversation with foreign supplier for import of raw material.
4. Placing an order for purchase of production machine.
5. Purchasing motor vehicle and paying cash for the price.

Practice 1.2

Identify accounting transactions:

1. Up-keeping expenses of building paid by cheque.
2. Collection of dues from customers.
3. Negotiating with bank for taking loan.
4. Receiving cash against loan from bank.
5. Payment of personal expenses of the owner in cash.

Event

Event means anything that happens. There are two types of events:

1. **Monetary**
2. **Non-Monetary**

Monetary Event

Examples include:

- *Loss by fire*
- *Loss by accident*
- *Foreign exchange (gain/loss)*

Non-Monetary Event

Examples include:

- *Winning or losing a game that does not carry financial impacts*

Condition

Condition covers **certain adjustments** in already recorded transactions and events.

Examples include:

- **Provision to be created against expected doubtful recovery from customer**
- **Fixed Assets to be depreciated according to their expected useful life**

Practice 1.3

Which of the the following information is **Transaction**, **Event** or **Condition**:

1. Stock in godown lost by fire
2. Giving away gifts to employees of the entity
3. Training to employees through external trainers
4. Organizing a dinner for entity's valued customers
5. Recognizing depreciation of machinery
6. Insurance claim recovered from insurance company against stock lost by fire
7. Cash paid as charity to a hospital

Answer:

- 1.Event
- 2.Transaction
- 3.Transaction
- 4.Transaction

- 1.Condition
- 2.Transaction
- 3.Transaction

Important Tips To Remember - ITTR

- 
- The background of the slide features a collage of financial and business-related icons. These include a magnifying glass with a colorful circular lens, a pie chart with various colored segments, a calculator, and several stacks of coins. The overall theme is financial analysis and accounting.
1. **Three sources of financial information**
 2. **Transaction results from a deal**
 3. **First party is the entity itself dealing with others**
 4. **Each accounting information is measurable in money**

Basics of Financial Accounting

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, a colorful pie chart with segments in purple, blue, and orange on the right, and a calculator at the bottom right. The overall theme is financial and data-oriented.

Money Measurement and Financial Position

Money measurement

Money measurement means to assign a **value in reporting currency** to an accounting phenomena.

Measurement parameters

Measuring its weight 10.0 Kg

Measuring its length 3.0 Feet

Measuring its width 1.5 Feet

Measuring its height 2.0 Feet

Rs. 15,000 its *money*
measurement in reporting
currency.

Practice 1.4

Which of the following information is carrying money measurement?

1. Bought 30 numbers of computers. No
2. Bought 10 fans @ Rs. 1,500 each, cash paid immediately. Yes
3. Scrap dumped, weighted 150 Kg. No
4. 5 workers are working on plant in double shift. No
5. Bought raw material worth Rs. 50,000, cash is not yet paid. Yes

Financial position

Financial position means; an entity's status of Resources & Sources.

1. **Resources** are the assets
2. **Sources** are the means of finances that include liability and owners' equity

$$\text{Assets} = \text{Liability} + \text{Equity}$$

ASSETS		Rs.	LIABILITIES		Rs.
Furniture		80,000	Bank loan		35,000
Computers		10,000	Other payable		15,000
			EQUITY		
			Owner's Capital		40,000
<u>TOTAL</u>		<u>90,000</u>	<u>TOTAL</u>		<u>90,000</u>

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large circular chart with concentric rings in shades of blue, green, and yellow. Overlaid on this are various data elements: a line graph with a rising trend, a pie chart, and several numerical values like '23' and '5%'. The overall aesthetic is that of a modern financial dashboard or data visualization, with a color palette dominated by blues, greys, and muted greens.
1. **Measurement in reporting currency**
 2. **Financial position means financial status**
 3. **Resources are equal to sources**

Basics of Financial Accounting

Functions of Financial Accounting

The background of the slide features a complex, abstract graphic. It includes a large, faint circular pattern of dots on the left, a colorful circular chart with segments in yellow, green, and blue on the right, and a stack of coins at the bottom. A calculator is also visible in the lower right corner. The overall theme is financial and accounting.

Functions of financial accounting

Financial accounting is required to:

1. *Classify*
2. *Record*
3. *Summarize*
4. *Report*
5. *Analyze*

These are the five functions of Financial Accounting that are covered in

Accounting Cycle

Accounting cycle

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large circular chart with concentric rings in shades of blue, green, and yellow. Overlaid on this are various data visualizations: a line graph with multiple data series, a pie chart, and a bar chart. The overall theme is financial and analytical, with a color palette dominated by blues, greys, and muted greens. The text is presented in a clean, sans-serif font, with the list items being the primary focus.
- 1. Financial accounting is about past information**
 - 2. Accounting Cycle starts from source documents and ends at analysis of past information**

Basics of Financial Accounting

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping elements: a colorful circular chart with segments in yellow, green, blue, and red; a smaller pie chart with segments in purple, blue, and orange; and a calculator icon at the bottom right. The overall aesthetic is modern and professional, with a focus on financial data and accounting concepts.

Elements of Financial Statements

Classifying financial information

Financial information are classified into five main heads, these are also known as elements of financial statements

Elements of financial statements

The background of the slide is a complex, abstract illustration. It features a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping elements: a colorful circular chart with segments in yellow, orange, green, and blue; a purple and pink pie chart; a calculator; and some scattered coins or tokens. The overall theme is financial and data-oriented.

**Elements of
Financial
Statements**

Elements of financial statements

Assets:

Assets are the **resources** in control

Liabilities:

Liabilities are the present **obligations**

Owners' Equity:

Owners' equity is the source of finance that represents **owners' stake**

Incomes:

Incomes are **earnings**

Expenses:

Expenses are the **costs** that **expire**

Sub-classification of Main Heads

Main Heads	Assets	Liabilities	Owners' Equity	Incomes	Expenses
Accounting Heads	Land	Bank loan	Capital	Sales	Purchases
	Building	Bank overdraft	Drawings	Service Fee	Salaries
	Machinery	Creditors	Profits	Commission	Electricity
	Furniture	Payable	etc.	etc.	Repair
	Motor Van	etc.			Advertisement
	Computer				Telephone
	Stocks				Traveling
	Receivables				Freight
	Cash Balance				Rent
	Bank Balance				Stationery
	etc.				etc.

Important Tips To Remember - ITTR

- 
- The background of the slide features a collage of financial and business-related icons. These include a magnifying glass with a colorful circular lens, a pie chart with a pink segment, a calculator, and several stacks of coins. The overall theme is financial accounting or auditing.
1. **There are five main heads**
 2. **Assets are resources in control of entity**
 3. **Liabilities are present obligation**
 4. **Present obligation means – obligation at the end of reporting period**
 5. **Accounting heads are sub-heads**

Basics of Financial Accounting

Entity and Separate Entity Concept

The background of the slide features a complex, abstract graphic. It includes a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping elements: a colorful, multi-layered circular graphic with concentric rings in shades of blue, green, yellow, and orange; a purple and blue pie chart; a calculator; and several stacks of coins. The overall design is modern and professional, with a focus on financial and accounting themes.

Entity

Financial Accounting

Financial information is involved in both *profit motive* and *non-profit motive* entities. Therefore, financial accounting is a need for a business as well as a welfare society.

Separate Entity Concept

A business entity and its owner are two different persons.

For accounting purposes, business has separate entity/identity apart from its owner.

Practice 1.5

Based on the business entity concept, which of the following information would be accounted for in the accounting books of an entity/business?

1. Cash invested as capital of the business by the owner.
2. Owner bought motor car for his personal use out of his personal bank account.
3. Owner used a part of his residential building for the business godown for which he was paid rent out of business bank account.
4. Owner took loan for his daughters' marriage from a friend.
5. Goods bought by business for trading were consumed by the owner for his personal consumption.

Answers (1, 3, 5)

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Below this, there are several smaller, overlapping charts and graphs, some with numerical labels like '23' and '5%'. At the bottom, there are stacks of coins and a calculator, suggesting a financial or accounting theme. The overall style is modern and professional, with a light gray and white color palette for the background elements.
1. **Accounting is a requirement of each entity**
 2. **Business has separate entity apart from its owner**
 3. **Accounting entity concept is different from the legal entity concept**

Basics of Financial Accounting

Users of Financial Information

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored circular arrow in the upper right, a 3D bar chart in the center, a pie chart below it, and a calculator in the bottom right. The entire graphic is composed of various geometric shapes and lines, creating a sense of dynamic movement and financial analysis.

Users of Financial Information

a) Investor/Shareholders/owners How well the management is performing

b) Trade contacts Suppliers and customers

c) Lenders providers of finance are lenders

d) Taxation authorities assess the tax payable by the entity, including sales taxes etc.

Users of Financial Information

- e) **Manager and Employees** To enable them to manage the business
- f) **Financial consultants and advisers** For their clients
- g) **Government** Interested in the allocation of resources
- h) **Public** Entity may make a substantial contribution to a local economy

Practice 1.6

Which of the following statements is **true** or **false**:

1. Debt burden of the company is the information mostly required by income tax authorities. **False**
2. Dividend declaration is the information needed by shareholders. **True**
3. Financial ratios are most likely required by financial consultants **True**
4. Bonus to employees is the information that is needed by Government **False**
5. Cost of sales information is usable for managers. **True**
6. Welfare society is always interested in green policies cost of company. **True**

Answers: (1-false 2-true 3-true 4-False 5-true 6-True)

Important Tips To Remember - ITTR

1. **Financial accounting produces general purpose financial statements**
 2. **Users are internal and external**
- 
- An abstract background graphic featuring a large, faint, stylized number '2' on the left. To the right, there are various financial and technological icons: a magnifying glass with a colorful circular target, a pie chart with segments in purple, orange, and blue, a calculator, and several stacks of coins. Dotted lines and arrows suggest a flow or process.

Basics of Financial Accounting

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, resembling a stylized 'G' or a series of concentric arcs. On the right side, there are several overlapping elements: a colorful circular chart with segments in yellow, green, blue, and red; a purple and pink pie chart; and a calculator. The overall aesthetic is modern and professional, with a focus on financial data and accounting concepts.

**Underlying
Assumption**

Going Concern

Underlying Assumption

Going Concern

Assumption that a business entity will remain in existence for the foreseeable future

Going concern

Examples include:

- Significant **trading losses** being incurred for several years
- Deteriorating **liquidity position**
- High financial risk arising from **increased debts** level
- Aggressive growth strategy not backed by sufficient finance
- Serious **litigations**
- Inability of a company to develop a new range of **commercially successful** products.
- Bankruptcy of major **customer**

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a circular chart with concentric rings in shades of blue, green, and yellow. There are also several smaller circular elements, some resembling coins or tokens, and a grid-like pattern of dots and lines. The overall aesthetic is modern and data-oriented, typical of a financial or accounting presentation.
1. **Accounting principles cannot be applied if entity is not a going concern**
 2. **Reporting requirements would be different if entity is not a going concern**

Basics of Financial Accounting

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with concentric rings in shades of blue, green, yellow, and orange. Overlaid on this are various geometric shapes, including a purple triangle and a yellow circle. The background is filled with a grid of small, light gray squares, some of which contain faint, stylized icons of buildings and a calculator. The overall aesthetic is modern and professional, typical of a business or financial presentation.

**Recognition of the
elements of
financial statements**

Financial Literacy

Recognition Criteria

Asset

1. probable inflow of future economic benefits, and
2. cost or value can be measured reliably.

Liability

3. probable outflow of resources embodying economic benefits will result from the settlement of a present obligation and
4. amount at which the settlement will take place can be measured reliably.

Recognition Criteria

Income

1. an increase in future economic benefits related to an increase in an asset or a decrease of a liability has arisen, and
2. amount can be measured reliably.

Expense

3. a decrease in future economic benefits related to a decrease in an asset or an increase of a liability has arisen, and
4. amount can be measured reliably.

Important Tips To Remember - ITTR

- 
1. **Recognition means to identify correct main head**
 2. **Recognition is done at classifying stage in accounting cycle**

Basics of Financial Accounting

**Measurement of the
elements of financial
statements**

The background of the slide features a complex, abstract graphic. It includes a large, faint circular pattern of dots on the left side. On the right, there are several overlapping elements: a colorful circular graphic with concentric rings in shades of blue, green, yellow, and orange; a purple and pink circular graphic with a central dot; and a grey calculator icon at the bottom right. The overall design is modern and professional, typical of a business or financial presentation.

Measurement of Financial Information

உள்ளக அளவீடுகள்

Measurement Bases

1. Historical cost
2. Current cost
3. Net realisable (settlement) value
4. Present value (discounted cash flows)

Historical cost is the most commonly used measurement basis, it is usually combined with other measurement bases.

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular element in the upper right, resembling a target or a stylized eye, with concentric rings in shades of blue, green, yellow, and orange. Below this, there are various geometric shapes, including a large purple arrow pointing upwards and to the right. The background also contains faint, dotted lines and a grid pattern, suggesting a data or financial context. In the bottom right corner, there is a small, stylized icon of a calculator.
1. Initial measurement is done at recognition
 2. Subsequent measurement is needful at the end of reporting period and in certain cases at the time of de-recognition

Basics of Financial Accounting

The background of the slide is a light gray with a complex, abstract pattern. It features a large, faint circular graphic on the left side, resembling a stylized 'C' or a large '0'. Overlaid on this and the right side are various financial symbols: a colorful pie chart with segments in yellow, orange, green, and blue; a smaller pie chart with purple and pink segments; a line graph with a rising trend; and a calculator in the bottom right corner. There are also some faint, scattered dots and lines, giving it a data-driven, analytical feel.

**Qualitative
characteristics of
useful financial
information**

Qualitative characteristics

- Faithful representation

Materiality

Fundamental

- Understandability

Timeliness

Verifiability

Enhancing

Cost constraint on useful financial reporting

Fundamental Qualitative Characteristics

Relevance

Predictive Value; or
Both
Confirmatory

Materiality is an entity specific aspect of **Relevance** based on:

- Nature
- Magnitude; or
- Both

Complete
Free from error
Neutral

Faithful representation

Enhancing Qualitative Characteristics

- **Consistency**
- **Direct**
- **Indirect**
- **Timely Report**
- **Reliable Information**
- **Disclosures**
- **Reasonable Knowledge**

Comparability

Verifiability

Timeliness

Understandability

Important Tips To Remember - ITTR

- 
- The background of the slide features a collage of financial and business-related icons. These include a magnifying glass with a colorful circular lens, a pie chart, a bar chart, a calculator, and several stacks of coins. The icons are rendered in a light, semi-transparent style, creating a subtle pattern behind the text.
1. Qualitative financial information produce qualitative financial statements
 2. Information is material if its non-disclosure changes the decision of the user of financial statement

**Thank you very
much
for being
attentive**

Chapter - 2

Recording Financial Information
Double Entry Bookkeeping

Video number 12-16 are mandatory part of this module

MGT 101 Financial Accounting

By
Mian Ahmad Farhan, FCA

Contents

Sr. No	Course Outline – Topics
1	Types of Transactions - Cash and Credit
2	Identifying Debtors and Creditors
3	Accounting Equation - Concepts
4	Accounting Equation - Worked Example
5	Accounting Equation - Practice

Recording Financial Information

The background of the slide is a complex, abstract illustration. It features a large, multi-colored circular graphic on the right side, resembling a target or a stylized sun with concentric rings in shades of blue, green, yellow, and orange. Below this, there are several smaller circular elements, including a purple one with the number '23' and a pink one with '5%'. The background also includes a grid of squares, some of which are filled with different colors. At the bottom, there are several stacks of coins and a calculator. The overall theme is financial and data-oriented.

**Types of
Transactions
Cash and Credit**

Sources of financial information

There are three sources of financial information:

A special concentration to identify and analyze “Transactions”

Types of transactions

There are two types of transactions

Cash
Transactions

Credit
Transactions

Cash transaction

Examples:

1. Cash received from customers
2. Cash paid to supplier
3. Staff salaries paid
4. Payments made by cash/cheques/standing order/direct debit/debit card/demand draft etc.
5. Collections received in cash/cheques/credit transfer in the bank etc.

Credit transaction

In which payment or receipt in terms of cash or any other financial instrument is deferred for some future period.

Examples include:

1. Sales of goods on credit
2. Purchase of goods on credit
3. Return of goods from customers
4. Return of goods to suppliers

Important Tips To Remember - ITTR

1. **Cash transaction is about cash inflow and cash outflow**
2. **Credit transaction is about deferment of cash flows**

Recording Financial Information

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Below this, there's a smaller pie chart with a pink segment. The background is also filled with various geometric shapes, including rectangles and circles, some of which are dotted. At the bottom, there are several stacks of coins and a calculator. The overall theme is financial and data-oriented.

**Identifying Debtors
and Creditors**

Identifying Debtors and Creditors

Each **credit transaction** either creates accounts receivable also known as **debtor**, or accounts payable also known as **creditor**.

Examples:

An **entity buys goods** from supplier without making cash payment.

OR

An **entity sells goods** to its customer without receiving cash.

Debtors (Accounts Receivables)

Customers to whom goods/services are sold on credit terms

Examples:

- ✗ Goods sold to **Yasmin** on credit terms.
- ✗ Cash received from **Yasmin** after 1 month of sales.

Here, **Yasmin** is accounts receivable (debtor) – Asset

Creditors (Accounts Payable)

Suppliers from whom the goods/services are purchased on credit term

Examples:

- Goods purchased from **Maryam**.
- Paid cash to **Maryam** After one month of purchase.

Here, Maryam is accounts payable (creditor) - Liability

Practice 2.1

Identify which of the followings is a **cash or credit transaction**, also identify the personal account as **Debtor or Creditor** from the following transactions.

- a) Purchased goods from Hanan on credit.
 - Credit transaction
 - Cash transaction
 - Hanan is Debtor – Accounts Receivable
 - Hanan is Creditor – Accounts Payable
- b) Paid cash to Maria on account.
 - Cash transaction
 - Credit transaction
 - Maria is Debtor – Accounts Receivable
 - Maria is Creditor – Accounts Payable
- c) Received cash from Star Brothers on account.
 - Cash transaction
 - Credit transaction
 - Star Brothers is Debtor – Accounts Receivable
 - Star Brothers is Creditor – Accounts Payable

Practice 2.1

d) Paid cash to Donald on account.

- Cash transaction
- Credit transaction
- Donald is Debtor – Accounts Receivable
- Donald is Creditor – Accounts Payable

e) Sold goods to John Smith on credit.

- Cash transaction
- Credit transaction
- Smith is Debtor – Accounts Receivable
- Smith is Creditor – Accounts Payable

f) Purchased goods from Michael & Co.

- Cash transaction
- Credit transaction
- Michael & Co is Debtor – Accounts Receivable
- Michael & Co is Creditor – Accounts Payable

Practice 2. 2

Identify which of the followings is a **cash or credit transaction**, also identify personal account as a **Debtor** or **Creditor** in the following transactions.

1. Bought motor car for **cash**.
2. Paid creditor Donald by **cash**.
3. Paid **cash** to Meera on account.
4. Sold motor car for **cash** to Dawood.
5. Bought furniture on **credit** from Henry.
6. Received **cash** from Star Brothers on account.
7. Owner Hamesh introduced further **cash** into the business.
8. Loan in **cash** received from Jasmin.
9. Paid Richard by **cheque** on account.
- 10 Sold goods on **credit** to Nelson.
- 11 Received Loan from Commercial **Bank**

Important Tips To Remember - ITTR

1. Debtors are the receivables against sale of goods or services
 2. Creditors are the payables against purchase of goods or services
 3. Loan receivable is not Debtor
 4. Loan payable is not Creditor
 5. Payment or receipt in cash or cheque is cash transactions
 6. Buying or selling on account is credit transaction
- 
- A faint background graphic on the right side of the slide. It includes a colorful circular chart with segments in yellow, green, blue, and red. Below the chart are several stacks of coins and a calculator, suggesting a financial or accounting theme.

Recording Financial Information

Accounting Equation Concepts

An abstract background graphic featuring a grid of squares, some of which are highlighted in light blue. Overlaid on this grid are several financial symbols: a large, multi-colored circular arrow (yellow, orange, red, purple, blue) in the upper right; a large, multi-colored circular arrow (yellow, orange, red, purple, blue) in the lower right; a large, multi-colored circular arrow (yellow, orange, red, purple, blue) in the lower left; and a large, multi-colored circular arrow (yellow, orange, red, purple, blue) in the lower right. At the bottom right, there is a stack of coins and a calculator.

Accounting Equation

Basic accounting equation:

(Resources = Sources)

(Assets = Owner's Equity + Liabilities)

Initially: **(0 = 0)**

Subsequently:

a) increase in left side and
also increase in right side

(+ = +)

b) decrease in both sides

(- = -)

c) increase and decrease in
the same side

(± = 0) or (0 = ±)

Profit: a Source of finance

Two heads i.e., expenses and incomes are missing in the basic equation.

These two heads constitute profit for the entity.

Incomes – Expenses = Profit/Loss

PROFIT **?** **LOSS**

Owner's Equity

Resources are financed by

1. External sources (Owners and Lenders)
2. Internal sources (profits)

Profit = Incomes – Expenses

Profits/Losses are included in Owners' Equity

Owner's Equity = Capital + Profit (– loss) – Drawings

Important Tips To Remember - ITTR

- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a pie chart with various colored segments, a line graph with data points, and several stacks of coins at the bottom. The overall theme is business and finance.
1. **Resources = Sources**
 2. **Initial equation “0 = 0”**
 3. **Owner brings personal resources in the business as source of finance**
 4. **Sources are invested by external investors as well as generated through internal profits**

Recording Financial Information

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping elements: a colorful circular chart with segments in shades of blue, green, yellow, and orange; a purple and pink circular chart; and a grey calculator. The overall aesthetic is modern and professional, with a focus on financial data and analysis.

Accounting Equation Worked Example

Accounting Equation

Transaction 1: Henry started business, Micro Logics, by introducing capital Rs. 45,000 in cash.

Assets							Owner's Equity		Liabilities	
Sr #	Cash	Furniture	Computer	Stock	Debtors	=	Henry Capital	Profit	Bills payable	Creditors
1	45,000						45,000			

Henry is the sole owner of the business, Micro Logics is a sole proprietorship business.

Above accounting equation relates only to the business “Micro Logics”. Under the **business entity concept**.

Accounting Equation

Transaction 2: Micro-Logics purchased furniture by paying cash Rs. 20,000.

Sr #	Assets					=	Owner's Equity		Liabilities	
	Cash	Furniture	Computer	Stock	Debtors		Henry's Capital	Profit	Bills payable	Creditors
1.	45,000						45,000			
2.	-20,000	20,000								
	<u>25,000</u>	<u>20,000</u>					<u>45,000</u>			

Accounting Equation

Transaction 3: Micro Logics purchased a computer for Rs. 28,000 by paying Rs. 8,000 in cash and signing a promissory note agreement with with supplier for Rs. 20,000.

Sr #	Assets					=	Owner's Equity		Liabilities	
	Cash	Furniture	Computer	Stock	Debtors		Henry's Capital	Profit	Bills payable	Creditors
1.	45,000						45,000			
2.	-20,000	20,000								
3.	-8,000		28,000						20,000	
	<u>17,000</u>	<u>20,000</u>	<u>28,000</u>				<u>45,000</u>		<u>20,000</u>	

Accounting Equation

Transaction 4: Micro Logics entered into a transaction of buying stocks/inventory of Rs. 1,350 and agreed to pay the supplier in near future.

Assets						Owner's Equity			Liabilities	
Sr #	Cash	Furniture	Computer	Stock	Debtors	=	Henry's Capital	Profit	Bills payable	Creditors
1.	45,000						45,000			
2.	-20,000	20,000								
3.	-8,000		28,000						20,000	
4.				1,350						1,350
	17,000	20,000	28,000	1,350			45,000		20,000	1,350

Accounting Equation

Transaction 5: During its first month of operations, Micro Logics provided services to customers, earning fee of Rs. 7,500 and receiving the amount in cash.

Sr #	Assets					=	Owner's Equity		Liabilities	
	Cash	Furniture	Computer	Stock	Debtors		Henry's Capital	Profit	Bills payable	Creditors
1.	45,000						45,000			
2.	-20,000	20,000								
3.	-8,000		28,000						20,000	
4.				1,350						1,350
5.	7,500							7,500		
	<u>24,500</u>	<u>20,000</u>	<u>28,000</u>	<u>1,350</u>			<u>45,000</u>	<u>7,500</u>	<u>20,000</u>	<u>1,350</u>

Accounting Equation

Transaction 6: For Micro Logics, the expenses paid during the month were as follows:

Wages	Rs. 2,125
Rent	Rs. 800
Utilities	Rs. 450
Miscellaneous	Rs. 275

Assets						Owner's Equity		Liabilities		
Sr #	Cash	Furniture	Computer	Stock	Debtors	=	Henry's Capital	Profit	Bills payable	Creditors
1.	45,000	20,000	28,000	1,350			45,000		20,000	1,350
2.	-20,000									
3.	-8,000									
4.										
5.	7,500							7,500		
6.	-3,650							-2,125		
								-800		
								-450		
								-275		
	20,850	20,000	28,000	1,350			45,000	3,850	20,000	1,350

Accounting Equation

Transaction 7: Micro Logics paid Rs. 950 to its creditors during the month.

Sr #	Assets					=	Owner's Equity		Liabilities	
	Cash	Furniture	Computer	Stock	Debtors		Henry's Capital	Profit	Bills payable	Creditors
1	45,000						45,000			
2	-20,000	20,000								
3	-8,000		28,000						20,000	
4				1,350						1,350
5	7,500							7,500		
6	-3,650							-2,125		
								-800		
								-450		
								-275		
7	-950									-950
	<u>19,900</u>	<u>20,000</u>	<u>28,000</u>	<u>1,350</u>	<u>1,200</u>		<u>45,000</u>	<u>3,850</u>	<u>20,000</u>	<u>400</u>

Accounting Equation

Transaction 8: During the month Micro Logics sold out stock costing Rs. 800 for Rs. 1,200 on credit terms, earning a profit of Rs. 400.

Sr. #	Assets					=	Owner's Equity		Liabilities	
	Cash	Furniture	Computer	Stock	Debtors		Henry's Capital	Profit	Bills payable	Creditors
1.	45,000						45,000			
2.	-20,000	20,000								
3.	-8,000		28,000						20,000	
4.				1,350						1,350
5.	7,500							7,500		
6.	-3,650							-2,125		
								-800		
								-450		
								-275		
7.	-950									-950
8.				-800	1,200			400		
	<u>19,900</u>	<u>20,000</u>	<u>28,000</u>	<u>550</u>	<u>1,200</u>		<u>45,000</u>	<u>4,250</u>	<u>20,000</u>	<u>400</u>

Accounting Equation

Transaction 9: At the end of month, Henry withdrew Rs. 2,000 cash from the business for personal use.

Sr. #	Assets					=	Owner's Equity		Liabilities	
	Cash	Furniture	Computer	Stock	Debtors		Henry's Capital	Profit	Bills payable	Creditors
1.	45,000						45,000			
2.	-20,000	20,000								
3.	-8,000		28,000						20,000	
4.				1,350						1,350
5.	7,500							7,500		
6.	-3,650							-2,125		
								-800		
								-450		
								-275		
7.	950									-950
8.				-800	1,200			400		
9.	-2,000							-2,000*		
	17,900	20,000	28,000	550	1,200		45,000	2,250	20,000	400

*Solved example presented two columns for owner equity head i.e., capital and profit. Drawing is not the expense and it should not be treated to reduce the income because drawing is not a contra account of income/revenue. Drawing is basically treated as appropriation/distribution of profit and reduces the amount of profit. Profit becomes the part of owners' equity; ultimately the drawing indirectly reduces the owner equity. You can directly reduce the amount of drawing from owner's equity/capital if use one column of capital to solve the questions of accounting equation. Please note that Drawings account is a contra account of capital.

Important Tips To Remember - ITTR

1. Each transaction brings a change in accounting equation
2. Incomes earned cause increase in Owner's Equity
3. Expenses incurred cause decrease in Owner's Equity
4. Increase in resources may result because of increase in sources or decrease in another resource

Recording Financial Information

Accounting Equation Practice

An abstract background graphic featuring a large, faint, stylized 'A' shape composed of concentric dotted lines. Overlaid on this are various financial and technological icons: a colorful circular target or bullseye in the upper right, a pie chart with a purple and orange segment in the middle right, a calculator in the lower right, and several stacks of coins at the bottom. The overall color palette is light and airy, with soft gradients and semi-transparent elements.

Practice 2.3

Choose the possible effects of following transactions on accounting equation.

1. Goods purchased on credit

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

2. Paid utility bills

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

Practice 2.3

3. Sold goods on profit of Rs.200

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

4. Paid to trade creditors

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

5. Cash invested by owner

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

Practice 2.3

6. Owner buys a new car from personal resources

- increase asset
- decrease asset
- increase liability
- decrease liability **no effect**
- increase equity
- decrease equity

7. Goods lost in fire

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

Practice 2.3

8. Drawing of goods by owner

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

9. Loan taken from bank

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

10. Received commission

- increase asset
- decrease asset
- increase liability
- decrease liability
- increase equity
- decrease equity

**Thank you very

Sr. No	Course Outline Topics
1	Concept of Debit and Credit (Dr. and Cr.)
2	Types of Account - Elements of Financial Statements
3	Analyzing Dr. & Cr.
4	Practice - Identifying accounting heads
5	Double entry bookkeeping
6	Double entry accounting system - Practice
7	Concept of Voucher
8	Concept of Source Documents
9	Different types of books of accounts
10	Accounting systems - Cash Basis Vs. Accrual Basis
11	Single entry accounting Vs Double entry accounting

Double Entry Bookkeeping System

Concept of Dr. & Cr.

The background features a complex, abstract graphic. It includes a large, faint circular pattern of dots on the left. On the right, there are several overlapping elements: a colorful circular chart with segments in yellow, green, blue, and red; a purple and pink circular chart with segments; a grey calculator; and several stacks of grey coins at the bottom. The overall theme is financial and accounting.

Alphabets of Accounting Language

Accounting carries unique alphabets these are two in count.

1. **Debit – Debere in Latin – Dr.**
2. **Credit – Credere in Latin – Cr.**

Alphabets of all the languages do not carry any meaning.

Dr. and Cr. are also termed as tools of accounting.

Debit Group

**Debit Group
consists of**

1. Assets
2. Expenses

Assets

Expenses

Credit Group

**Credit Group
consists of**

1. Owner's Equity
2. Liabilities
3. Incomes

O. Equity

Liabilities

Incomes

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular arrow (yellow, green, blue, red) in the upper right, a purple arrow pointing upwards in the center, and various financial symbols like a calculator, a pie chart, and stacks of coins at the bottom. The overall theme is financial and accounting.
1. **Dr. and Cr. are two alphabets of Accounting Language**
 2. **Debit nature for Assets and Expenses**
 3. **Credit nature for Owner's equity, Liabilities and Incomes**

Double Entry Bookkeeping System

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping circular charts or pie charts in various colors (yellow, green, blue, red). There are also some rectangular shapes and lines that suggest a grid or a data table. The overall color palette is light and airy, with a mix of pastel and muted tones.

Types of Accounts
Elements of Financial
Statements

Identifying correct types of Account

While recording financial information we have to identify the correct type of “account” to be recognized as Dr. or Cr.

Types of Account – Modern approach

Types of Account – Conventional approach

Important Tips To Remember - ITTR

- 
- The background of the slide features a collage of financial and business-related icons. These include a magnifying glass with a colorful circular lens, a pie chart, a calculator, and several stacks of coins. The icons are rendered in a light, semi-transparent style, creating a subtle watermark effect behind the text.
1. **Modern approach discusses five types of accounts**
 2. **Conventional approach discusses three types of accounts**
 3. **Modern approach is easy to understand Dr. and Cr.**

Double Entry Bookkeeping System

Analyzing Dr. & Cr.

The background features a complex, abstract graphic. It includes a large, faint circular pattern on the left, a colorful circular chart with segments in yellow, green, and blue on the right, and a purple circular chart with segments in various colors below it. There are also several stacks of coins at the bottom right and a calculator icon. The overall theme is financial and accounting.

Analyzing “Debit and Credit”

Increase in Dr. group	“Dr”
Decrease in Dr. group	“Cr”
Increase in Cr. group	“Cr”
Decrease in Cr. group	“Dr”

Increase in Assets & Expenses Dr.

Decrease in Assets & Expenses Cr.

Increase in Equity, Liabilities & Income
Cr.

Debit	Credit	Income
↑ Assets	↓ Assets	
↑ Expenses	↓ Expenses	
↓ O Equity	↑ O Equity	
↓ Liabilities	↑ Liabilities	
↓ Incomes	↑ Incomes	

Approach to recognize Dr. & Cr.

- Financial impact on accounting equation is translated into accounting language using its alphabets “*Dr*” & “*Cr*”.
- Each transaction causes a change in two **accounting heads**:
 - one is analyzed as *Dr*.
 - second is analyzed as *Cr*.

Main Head –Vs – Accounting Head

“Main Heads” are not the “Accounting Heads”.

Main Heads	Assets	Expenses	Owners' Equity	Liabilities	Incomes
Accounting Heads	Land	Purchases	Capital	Bank Loan	Sales
	Building	Salaries	Drawings	Bank Overdraft	Interest
	Machinery	Electric Bill	Profits	Creditors	Commission
	Furniture	Repair		Accounts Payable	
	Motor Van	Advertisement			
	Computer	Commission			
	Stocks	Traveling			
	Debtors	Freight			
	Cash Balance	Rent			
	Bank Balance	Stationery			

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular arrow (yellow, orange, green, blue, purple) in the upper right, a smaller circular arrow in the lower right, and a large, faint, stylized 'X' or 'A' shape in the center. There are also various geometric shapes, lines, and a calculator icon in the bottom right corner, all rendered in a light, faded style.
1. **“Dr” or “Cr” does not carry literal meanings**
 2. **Each account involved in financial information is analyzed for recognizing Dr. and Cr.**

Double Entry Bookkeeping System

The background features a complex, abstract design with various financial and data-related elements. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. There are also smaller pie charts, bar graphs, and a calculator visible. The overall aesthetic is modern and professional, with a focus on data visualization and financial concepts.

**Practice
Identifying
accounting heads**

Practice 3.1

Identify two accounting heads from each transaction and place it under the appropriate main head.

Transaction 1: Bought a building for cash.

a) Bought b) Building c) Cash d) Expense

Transaction 2: Paid salaries to staff in cash.

a) Paid b) Staff c) Cash d) Salary

Transaction 3: Goods sold on credit to Dar Brothers.

a) Creditor b) Sales c) Cash d) Debtor

Transaction 4: Cash introduced by the owner as a capital.

a) Investment b) Cash c) Capital d) Owner

Transaction 5: Commission received in cash

a) Receiving b) Cash c) Equity d) Commission

Transaction 6: Purchase goods for cash.

a) Stock b) Cash c) Purchases d) goods

Transaction 7: Cash withdrew by the owner for personal use.

a) Drawings b) Cash c) Owner d) Goods

Transaction 8: Rent paid by cheque.

a) Rent b) Cash c) Bank d) Goods

(Greens are correct)

Practice 3.1 – Answer

Transaction	Assets	Expenses	Owner's Equity	Liabilities	Incomes
1	b) Building c) Cash				
2	c) Cash	d) Salary			
3	d) Debtors				b) Sales
4	b) Cash		c) Capital		
5	b) Cash				d) Commission
6	b) Cash	c) Purchases			
7	b) Cash		a) Drawings		
8	c) Bank	a) Rent			

Important Tips To Remember - ITTR

1. Always identify two accounting heads in an accounting phenomena
 2. Both accounting heads may belong to one main head or two different main heads
- 
- An abstract background graphic featuring a magnifying glass with a colorful, multi-layered lens (yellow, green, blue, and red) positioned over a grid of squares. Below the grid, there are several stacks of coins and a calculator. The overall theme is financial and analytical.

Double Entry Bookkeeping System

**Double Entry
Bookkeeping**

The background features a complex, abstract graphic. It includes a large, faint circular pattern of dots on the left. On the right, there are several overlapping elements: a colorful circular target or bullseye graphic, a 3D pie chart with segments in purple, blue, and orange, and a calculator. At the bottom right, there are stacks of coins. The overall theme is financial and accounting.

Double Entry Bookkeeping

Described in Italy in 1494

Each transaction causes increase or decrease in two accounting heads.

Increase or decrease caused by a transaction in two accounting heads is recorded in terms of **Dr** and **Cr**.

Practice 3.2

From the following transactions, identify **relevant accounting heads** along with their **respective main heads** and also **show increase or decrease** in the **main heads** to make decision for **Dr and Cr effects**.

1. Capital introduced in the business Rs.10,000.
2. Purchase furniture for cash Rs.4,000.
3. Purchase goods for cash Rs. 2,000.
4. Sold goods for cash Rs.3,000.
5. Rent paid in cash Rs.2,000.
6. Owner withdrew cash for personal use Rs.500.
7. Salaries paid in cash Rs.200.
8. Bought goods from John Smith on credit Rs.6,000.
9. Sold goods on credit to Henry for Rs.8,000.
10. Received cash from Donald Rs.2,500.

Practice 3.2 – Answer

No.	Accounting Head	Main Head	Group	+/-	Dr./Cr.
1	Cash	Asset	Dr.	Inc. +	Dr.
	Capital	Own. Equity	Cr.	Inc. +	Cr.
2	Cash	Asset	Dr.	Dec. -	Cr.
	Furniture	Asset	Dr.	Inc. +	Dr.
3	Purchases	Expense	Dr.	Inc. +	Dr.
	Cash	Asset	Dr.	Dec. -	Cr.
4	Cash	Asset	Dr.	Inc. +	Dr.
	Sales	Income	Cr.	Inc. +	Cr.
5	Rent	Expense	Dr.	Inc. +	Dr.
	Cash	Assets	Dr.	Dec. -	Cr.
6	Drawings	Own. Equity	Cr.	Dec. -	Dr.
	Cash	Assets	Dr.	Dec. -	Cr.
7	Cash	Asset	Dr.	Dec. -	Cr.
	Salaries	Expense	Dr.	Inc. +	Dr.
8	Purchases	Expense	Dr.	Inc. +	Dr.
	Creditors (John Smith)	Liability	Cr.	Inc. +	Cr.
9	Sales	Income	Cr.	Inc. +	Cr.
	Debtor (Henry)	Asset	Dr.	Inc. +	Dr.
10	Cash	Asset	Dr.	Inc. +	Dr.
	Debtor (Donald)	Asset	Dr.	Dec. -	Cr.

Important Tips To Remember - ITTR

1. $\Sigma \text{Dr} = \Sigma \text{Cr}$
2. For purchase of goods; use “Purchases” as Dr accounting head
3. For sales of goods; use “Sales” as Cr accounting head
4. For personal use of owner; use “Drawings” as Dr accounting head
5. For investments introduced by owner; use “Capital” as Cr accounting head

Double Entry Bookkeeping System

The background of the slide features a complex, abstract illustration. It includes a large, faint circular pattern on the left, a colorful pie chart with segments in purple, blue, and orange on the right, and a calculator at the bottom right. There are also various geometric shapes, lines, and a small globe-like icon at the top right. The overall theme is financial and data-oriented.

**Practice
Double Entry
Bookkeeping**

Practice 3.3

Identify relevant **accounting heads**, respective **main heads**, show **increase or decrease** in the main heads and then make decision for **Dr and Cr** effects.

1. Started business with Rs. 10,000 in the bank.
2. Paid insurance by cheque Rs.600.
3. Owner withdrew goods for personal use Rs. 2,000.
4. Machinery purchased from Maria & Co. on credit Rs.2,000.
5. Loan taken from friend Rs.200 in cash.
6. Machinery returned to Maria & Co. Rs. 2,000.
7. Goods returned to Kashmiri Rs.100.
8. Goods returned by Harris Rs. 200.
9. Free sampling of goods Rs. 50.
10. Friend's loan was repaid Rs. 200.

Practice 3.3 – Answer

No.	Accounting Head	Main Head	Group	+/-	Dr./Cr.
1	Bank	Asset	Dr.	Inc. +	Dr.
	Capital	Own. Equity	Cr.	Inc. +	Cr.
2	Bank	Asset	Dr.	Dec. –	Cr.
	Insurance	Expense	Dr.	Inc. +	Dr.
3	Drawings	Own. Equity	Cr.	Dec. –	Dr.
	Purchases	Expense	Dr.	Dec. –	Cr.
4	Machinery	Asset	Dr.	Inc. +	Dr.
	Creditors (Maria & Co.)	Liability	Cr.	Inc. +	Cr.
5	Cash	Asset	Dr.	Inc. +	Dr.
	Loan from friend	Liability	Cr.	Inc. +	Cr.
6	Machinery	Asset	Dr.	Dec. –	Cr.
	Creditor (Maria & Co.)	Liability	Cr.	Dec. –	Dr.
7	Purchases Return	Expense	Dr.	Dec. –	Cr.
	Creditor (Kashmiri)	Liability	Cr.	Dec. –	Dr.
8	Sales Return	Income	Cr.	Dec. –	Dr.
	Debtor (Harris)	Asset	Dr.	Dec. –	Cr.
9	Free Sampling	Expense	Dr.	Inc. +	Dr.
	Purchases	Expense	Dr.	Dec. –	Cr.
10	Cash	Asset	Dr.	Dec. –	Cr.
	Loan from friend	Liability	Cr.	Dec. –	Dr.

Practice 3.4

Choose correct answer

1. Goods purchased from John smith

- a) - cash + stock
- b) + stock + cash
- c) + **creditors + stock**
- d) b & c both

2. Commission paid to agent Jordan

- a) - commission - cash
- b) + **commission - cash**
- c) + Jordan - cash
- d) + capital - cash

3. Goods sold for Rs.5,000 that cost 4500

- a) + **cash 5,000 + sales 5,000**
- b) - cash 4,500 - stock 4,500
- c) + cash 5,000 - stock 5,000
- d) +cash 4,500 - sales 4,500

4. Goods returned from

a) - debtors + sales return

- b) - creditors + stock
- c) + debtors - owner's
- d) none of the above

1. Cash received from debtor on account

- a) + cash + sales
- b) + cash + capital
- c) + **cash - debtor**
- d) + cash - drawings

2. Loan repaid to Hassan

- a) - o equity + cash
- b) - **liability - cash**
- c) + cash - liability
- d) + Hassan - cash

3. Cash withdraw by owner

- a) + o equity - cash
- b) - o equity + cash

a) - o equity - cash

b) - o equity - stock

1. Machinery purchased from Caterpillar on credit

- a) + machinery - cash
- b) + machinery + cash
- c) + **machinery + Liability**
- d) - machinery + cash

Answer:

(1-c, 2-b, 3-a, 4-a, 5-c, 6-b, 7-c, 8-c)

Important Tips To Remember - ITTR

1. For payment through cheque; use “Bank” as Cr accounting head
2. For decrease in purchased goods or stocks, other than because of sales and purchase return transactions; use “Purchase” as Cr accounting head
3. For goods returned to supplier; use “Purchases Return” as Cr accounting head
4. For goods returned by customers; use “Sales Return” as Dr accounting head

Double Entry Bookkeeping System

Concept of Voucher

The background of the slide features a complex, abstract graphic. It includes a large, faint circular pattern of dots on the left side. On the right, there are several overlapping elements: a colorful, multi-layered circular shape resembling a target or a stylized sun; a purple and blue curved shape; a grey calculator; and several stacks of grey coins at the bottom right. The overall theme is financial and accounting.

Voucher

- Two accounting heads along with their values are recognized on voucher.
- It is an internal document to witness that the transaction is complete and verified.
- It is supported by needful documents and authorized by appropriate signatories.

Journal Voucher		Month:	Year:	Number:	
Reference	Description	Account Code	Debit	Credit	
Total					

Reason:

Prepared by:

Date:

Authorized by:

Printed by:

Types of vouchers

- **Journal Voucher**
 - **Petty Cash Voucher**
 - **Cash Receipt/Payment Voucher**
 - **Bank Receipt/Payment Voucher**
 - **Gift Voucher**
- 
- The background of the slide features a stylized, semi-transparent illustration. It depicts a hand holding a magnifying glass, focusing on a cityscape with various buildings. Overlaid on the cityscape is a pie chart with several segments in different colors (pink, purple, blue, green, yellow). At the bottom of the illustration, there are several stacks of coins. The overall theme is financial and accounting.

Practice - 3.8

1. Who is responsible to prepare journal voucher?
a) supplier b) manager c) **bookkeeper** d) accountant
2. Journal voucher is used to record transaction in?
a) **general journal** b) general ledger c) trial balance d) balance sheet
3. Which voucher is used as a proof that significant cash transaction has occurred between two persons?
a) petty cash voucher b) **cash payment voucher** c) journal voucher d) gift voucher
4. Which voucher is given by seller to customer that gives right of free shopping or discounts?
a) petty cash voucher b) **gift voucher** c) cash payment voucher d) bank payment voucher
5. Which voucher is prepared in support to transaction of collecting money in the bank from customer?
a) **bank receipt voucher** b) bank payment voucher c) deposit slip d) bank statement

Important Tips To Remember - ITTR

- 
1. **Voucher is the first document, which is prepared by the accounts department of an entity to start accounting process**
 2. **Voucher is a documentary evidence that transaction is complete and verified**

Double Entry Bookkeeping System

Concept of Source Documents

The background of the slide features a complex, abstract graphic. It includes a large, faint circular pattern of dots on the left side. On the right, there are several overlapping elements: a colorful circular graphic with concentric rings in shades of blue, green, yellow, and orange; a purple and pink circular graphic with a central dot; and a grey calculator icon at the bottom right. The overall design is modern and professional, with a focus on financial and accounting themes.

Source Documents

No.	Transaction	Source Documents
1	Sales	Invoice (issued) against sales of goods or services on account
2	Purchases	Invoice (received) against purchases of goods or services on account
3	Sales Return	Credit Note (issued) upon accepting the goods returned by customer
4	Purchases Return	Debit Note (issued) / Credit Note (received) upon returning goods to supplier
5	Cash received	Cash Memo/receipt (issued) upon receiving cash
6	Cash paid	Cash Memo/receipt (received) upon making cash payment

Important Tips To Remember - ITTR

1. Invoice, credit note and cash memo are prepared and issued by seller
2. Debit note is prepared by the buyer, it is issued at the time of returning goods to seller as a request to make adjustment in the account. Seller issues credit note in response, if the goods returned are accepted.

Double Entry Bookkeeping System

**Different Types of
Books of Accounts**

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored circular arrow (purple, blue, orange, green) in the upper right, a smaller circular arrow in the lower right, and a large, faint, dotted circular arrow on the left. The background is composed of various geometric shapes, including rectangles and circles, in shades of gray and white, creating a sense of depth and movement. The overall theme is financial and accounting.

Recording in the books of accounts

**Computerized
bookkeeping**

**Manual
bookkeeping**

There are two types of books of accounts:

- 1. Books of original entries**
- 2. Books of secondary entries**

Books of Accounts

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular arrow (yellow, green, blue, red) in the upper right, a purple arrow pointing upwards in the center, and various financial symbols like a calculator, coins, and a bar chart in the lower right. Dotted lines and geometric shapes are scattered throughout the background.
1. **Separate journals are maintained for cash and non-cash transactions**
 2. **Balances of subsidiary ledgers are not shown in financial statements, these are kept as memorandum**

Double Entry Bookkeeping System

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern of dots on the left side. On the right, there are several overlapping elements: a colorful circular graphic with concentric rings in shades of blue, green, yellow, and orange; a purple and pink circular graphic with a central dot; and a grey calculator icon at the bottom right. The overall aesthetic is modern and financial.

**Accounting systems
Cash Vs. Accrual**

Cash Based Accounting

Transactions are recorded only when cash is received or paid.

Example:

During the year 20X9

- 1. Office rental paid for 15 months at the rate of Rs. 10,000 per month. Rs.150,000 shall be recognized as rent expense for the year 20X9**
- 2. Cleaning agent received Rs.180,000 against office cleaning for 18 months. Rs.180,000 shall be recognized as his income.**

Accrual Based Accounting

Transactions are recorded on the basis that expenses and incomes belong to the reporting period, regardless the condition that settlement in terms of cash has happened or not.

Example:

During the year 20X9

- 1. Office rental paid for 15 months at the rate of Rs. 10,000 per month. Rs.150,000 shall be recognized as rent expense for the year 20X9**
- 2. Cleaning agent received Rs.180,000 against office cleaning for 18 months. Rs.180,000 shall be recognized as his income.**

Examples – Accrual based accounting

Example – 1

Electricity bill for the last quarter (October – December) was not paid until the end of reporting period 31st December 20X9.

Under the cash-based accounting; the unpaid utility bill will not be recognized as expense in the accounting year 20X9. It will be recognized as expense for the year 20Y0 upon payment.

Under the accrual-based accounting; the unpaid utility expense will be recognized as expense in the accounting year 20X9 along with a liability that will be paid in 20Y0.

Example – 2

Insurance paid in advance for the year 20X9 on 1st November 20X8

Under the cash-based accounting; the payment will be recorded as expense as soon as cash is paid to insurance company on 1st November 20X8

Under the accrual-based accounting; the payment of insurance will be recorded in the year 20X8 as “prepayment or paid in advance” which shall be recognized as asset and then in the year 20X9 it will be recorded as expense, to which it belongs to.

Important Tips To Remember - ITTR

1. **Cash based accounting is the system, which reports income when received and expenses when paid**
 2. **Accrual based accounting is the system, which reports income when earned and expenses when incurred**
- 
- A background graphic featuring various financial and technological icons. It includes a large, faint circular arrow, a pie chart, a calculator, and several stacks of coins. The overall theme is finance and accounting.

Double Entry Bookkeeping System

**Single Entry Vs.
Double Entry**

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored circular arrow in the upper right, a pie chart with various colored segments in the center, and a calculator in the lower right. The entire graphic is composed of overlapping, semi-transparent elements in shades of blue, green, yellow, and purple, creating a sense of depth and movement. The text 'Single Entry Vs. Double Entry' is centered over this graphic.

Single Entry Approach

- It is a simplest form of **bookkeeping**
- Single effect of each financial information is **entered** in the books of accounts
- It does not require background or training in accounting
- Entities using single entry approach are effectively limited to reporting on a cash basis only

Adequacy of single entry system

Small entities may in fact prefer single-entry accounting over a double-entry system when all or most of the following conditions apply:

- Entity uses cash based accounting, not accrual accounting
- There are few financial transactions per day
- Entity does not sell on its own credit
- Customers must pay at the time of the sale
- There are very few employees
- Entity is privately held or operates as a sole proprietorship or partnership

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic. It includes a 3D bar chart with several bars of varying heights, a circular gauge or speedometer with a needle pointing towards the right, and a pie chart with multiple colored segments. There are also some numerical values like '23' and '5%' visible within the graphic. The overall theme is financial or data-related.
1. Any system that falls short of complete double entry approach is single entry system
 2. It is a defective double entry system

**Thank you very
much
for being
attentive**

Chapter - 4

Journalizing – Books of Original Entries

Topic Videos 28-46 are mandatory part of this module

MGT 101 Financial Accounting

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Below this, there's a smaller pie chart with segments in purple, blue, and orange. The background is filled with various geometric shapes, including rectangles and circles, some of which are dotted. There are also several stacks of coins at the bottom right. The overall theme is financial and data-oriented.

**Journalizing
Transactions**

Recapitulation – Analyzing Dr & Cr

Main Heads	Nature	Increase	Decrease
Assets	Dr	Dr	Cr
Expenses	Dr	Dr	Cr
Owners' Equity	Cr	Cr	Dr
Liabilities	Cr	Cr	Dr
Incomes	Cr	Cr	Dr

Recapitulation – Books of Accounts

Journal

- **First book in accounting cycle**
- **Maintained chronologically**
- **Prepared systematically**
- **For small entities, a general-purpose journal is quite sufficient**

Journal Entry

Information recorded in general journal is known as *journal entry or accounting entry or entry*.

Parts of a Journal Entry

There are six parts of an entry in Accounting language:

- 1) Date
- 2) Particulars
- 3) Post reference
- 4) Debit amount
- 5) Credit amount
- 6) Narration

Format of Journal & Journal Entry

Sample Transaction

1st Jan 20X9, Cash paid for staff salaries Rs.50,000

1 Date 20X9	2 Particulars/Description	3 Post Ref.	4 Debit (Rs)	5 Credit (Rs)
Jan. 1	Salaries Account (Debit) Cash Account (Credit) (Staff salaries paid in cash)	39 10	50,000	50,000

6

Important Tips To Remember - ITTR

- 
- The background of the slide features a collage of financial and business-related icons. These include a magnifying glass over a pie chart, a line graph, a calculator, and several stacks of coins. The icons are rendered in a light, semi-transparent style, creating a professional and thematic backdrop for the text.
1. **Journal is a book of original / primary entry**
 2. **Journal is maintained in chronological sequence**
 3. **Narration is an integral part of Journal entry**

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Overlaid on this are various data elements: a line graph with a rising trend, a pie chart, and several numerical values like '23' and '5%'. The entire graphic is set against a backdrop of faint, overlapping grid lines and a light gray cityscape silhouette. The text 'Practice Journal Entry' is centered over the lower part of this graphic.

**Practice
Journal Entry**

Practice 4.1

Pass journal entries for the following transactions:

20X9

Jan. 2 Goods bought for cash Rs.20,000.

Jan. 5 Goods sold for cash Rs.35,000.

Jan. 7 Loan taken from friend in cash Rs.50,000.

Practice 4.1 – Answer

Date 20X9	Particulars/Description	Post Ref.	Debit (Rs)	Credit (Rs)
Jan. 2	Purchases Account (Debit)	?	20,000	
	Cash Account (Credit) (Bought goods for cash)	?		20,000
Jan. 5	Cash Account (Debit)	?	35,000	
	Sales Account (Credit) (Sold goods for cash)	?		35,000
Jan. 7	Cash Account (Debit)	?	50,000	
	Loan from friend (Credit) (Loan taken in cash from friend)	?		50,000

Important Tips To Remember - ITTR

1. Debit account comes first and its amount is written in the left column
2. Credit account is written under the debit account by indenting few space and its amount is written in the right side column
3. Don't put "To" as a prefix to the credit accounting head

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of purple, blue, and orange. Overlaid on this are various geometric shapes, including a large, light-colored circle with a dotted pattern. In the lower right, there is a stylized representation of a calculator and several stacks of coins. The overall aesthetic is modern and technical, suggesting a focus on finance or data analysis.

Compound Entry

Compound Entry

The single journal entry, which combines multiple journal entries in which same accounting head is repeating

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored magnifying glass in the upper right quadrant, with its handle extending towards the center. Below the magnifying glass, there are several overlapping geometric shapes, including a large purple arrow pointing upwards and to the right. In the bottom right corner, there is a faint, stylized image of a calculator. The entire graphic is composed of various shades of gray, blue, and purple, with a sense of depth and movement.

Example – Compound Entry

5 Jan 20X9:

Cash Rs.7,000 was paid for salaries and

Cash Rs.1,000 was paid for purchase of stationery

Date 20X9	Particulars/Description	Post Ref.	Debit (Rs)	Credit (Rs)
Jan. 5	Salaries account Cash account (Salaries paid in cash)	? ?	7,000	7,000
Jan. 5	Stationery account Cash account (Stationery purchased for cash.)	? ?	1,000	1,000

Example – Compound Entry

5 Jan 20X9:

Cash Rs.7,000 was paid for salaries and

Cash Rs.1,000 was paid for purchase of stationery.

Date 20X9	Particulars/Description	Post Ref.	Debit (Rs)	Credit (Rs)
Jan. 5	Salaries account	?	7,000	8,000
	Stationery account	?	1,000	
	Cash account	?		
	(Salaries paid & Stationery purchased for cash)			

Important Tips To Remember - ITTR

1. **Compound entry combines two journal entries in which one accounting head is common**
2. **Sum of Dr. should always remain equal to sum of Cr.**
3. **Narration should be simple and understandable**

Journal – Books of Original Entries

**Practice
General Journal**

Practice 4.2

Prepare a journal for the following transactions

Jan 1: Capital introduced in the business Rs.10,000 in cash and Rs.20,000 as machinery.

Jan 2: Purchase land for cash Rs.4,000.

Jan 3: Purchase goods for cash Rs.2,000 and on credit from Giant Store Rs.7,000.

Jan 4: Sold goods for cash Rs.3,000.

Jan 5: Rent paid in cash Rs.2,000.

Jan 6: Owner withdrew cash for personal use Rs.500 **OR** Paid Rs.500 to owner for his personal use.

Jan 7: Salaries paid in cash Rs.200.

Jan 8 Bought goods from Moon Light on credit Rs.6,000.

Jan 9 Sold goods on credit to Falcon for Rs.8,000 and for cash Rs.4,000.

Jan10: Received cash from Falcons 2,500 on his account.

Practice 4.2 – Answer

Date 20X9	Particulars	Post Ref.	Debit (Rs)	Credit (Rs)
Jan. 1	Cash Account Machinery Account Capital Account (Cash & machinery introduced as capital)	? ?	10,000 20,000	30,000
Jan. 2	Land Account Cash Account (Purchased land for cash)	? ?	4,000	4,000
Jan. 3	Purchases Account Cash Account Creditor (Giant Store) (Goods purchased for cash & on credit from Giant Store)	? ?	9,000	2,000 7,000
Jan. 4	Cash Account Sales Account (Sold goods for cash)	? ?	3,000	3,000
Jan. 5	Rent Account Cash Account (Rent paid in cash)	? ?	2,000	2,000

Practice 4.2 – Answer

Date 20X9	Particulars	Post Ref.	Debit (Rs)	Credit (Rs)
Jan. 6	Drawings Account Cash Account (Cash withdrew by the owner for personal use).	? ?	500	500
Jan. 7	Salaries Account Cash Account (Salaries paid in cash).	? ?	200	200
Jan. 8	Purchased Account Creditors (Moon Light) Account (Purchase goods on credit from Moon Light).	? ?	6,000	6,000
Jan. 9	Debtors (Falcon) Account Cash Account Sales Account (Sold goods on credit to Falcons and goods sold for cash)	? ? ?	8,000 4,000	12,000
Jan. 10	Cash Account Debtors (Falcons) Account (Received cash from Falcons on account).	? ?	2,500	2,500

Important Tips To Remember - ITTR

1. It is not compulsory to write “Account” or along with the accounting head appearing in journal entry
 2. “Account” can be abbreviated as “a/c” or “A/C”
 3. Identify the name of debtor and creditor in journal entry
- 
- A background graphic featuring various financial and accounting symbols. It includes a large, faint circular arrow, a pie chart, a calculator, and several stacks of coins. The overall theme is related to finance and accounting.

Journal – Books of Original Entries

The background features a complex, abstract design with various financial and data-related elements. It includes concentric dotted circles, a colorful circular chart with segments in yellow, orange, and green, a purple and pink pie chart with a '23' label, a line graph with an upward arrow, and a calculator. At the bottom, there are stacks of coins. The overall theme is financial analysis and data representation.

Discounts

Discounts

A trader often allows its customers two types of discounts

- 1. Trade discount**
- 2. Settlement discount**

Trade Discount

Offered by a seller to its customers before entering into transaction based on some policy

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored magnifying glass in the upper right corner, a purple and pink circular shape in the center, and a calculator in the lower right corner. The background is composed of various geometric shapes, lines, and dots, creating a sense of depth and complexity.

Examples – Trade Discount

- 
1. Bulk purchase discounts
 2. Regular customer discounts
 3. Season end discounts

Trade discounts are never recorded in the books of either party (Seller or Buyer)

Working – Trade Discount

List price of a product is Rs.220 and retail seller offers 10% discount to its customers.

$$220 - (220 \times 10\%)$$

$$220 - 22$$

Rs.198

Rs.	Rs.	
Purchases Account	198	
Cash Account	198	

Settlement Discount

Offered by a seller to its customers based on cash settlement terms for early payment of the invoice.

Also known as cash discount.

Working – Settlement Discount

Invoice Rs.2,000
Terms 5/10, n/30

Settlement discount
 $(2,000 \times 5\%) = \text{Rs.100}$

- it is recorded in the books of Seller and Buyer
- for seller it is “*discount allowed*”
- for buyer it is “*discount received*”

Important Tips To Remember - ITTR

- 
- The background features a collage of financial and business-related icons. At the top right is a colorful circular graphic with concentric rings in shades of blue, green, yellow, and orange. Below it, there are faint, stylized representations of a pie chart, a bar chart, and a line graph. In the bottom right corner, a calculator is visible. The overall theme is financial analysis and accounting.
1. Trade discount is never recorded in journal entry
 2. Settlement discount is recorded as “discount allowed” or “discount received”
 3. Settlement discount reflects settlement terms

Journal – Books of Original Entries

Journalizing Settlement Discounts

An abstract background graphic on the right side of the slide. It features a large, faint, light-gray circular pattern resembling a spiral or a series of concentric dotted lines. Overlaid on this are several colorful, semi-transparent geometric shapes: a large purple arrow pointing upwards and to the right, a smaller orange arrow pointing upwards and to the left, and a circular shape with concentric rings in yellow, green, and blue. In the bottom right corner, there are several gray, 3D-rendered coins or discs stacked in small piles. A faint, light-gray calculator is also visible in the bottom right corner.

Scenario – Settlement discount

Scenario (i)

Cash received from debtor Rs.114 in full settlement of his account of Rs.120.

Rs. Rs.

Cash Account	114	
Debtor Account		114
Discount Allowed	6	
Debtor Account		6

Combining the two entries

Cash account	114	
Discount Allowed	6	
Debtors Account		120

Scenario – Settlement discount

Scenario (ii)

Cash paid to creditors Rs.95 after deducting a discount of Rs.5.

Rs. Rs.

Creditor Account 95

Cash Account 95

Creditor Account 5

Discount Received 5

Combining the two entries

Creditor's Account 95

Cash Account 90

Discount Received 5

Settlement terms – Sample invoice

Invoice # 123456 Date: 19/12/ 20X9	Business Name and Address John Smith Traders Customer's Name and Address Star Traders		
Description	Qty	Rate Rs.	Amount Rs.
1. Fans	5	2,000	10,000
2. Air conditioner	2	25,000	50,000
3. Room Coolers	3	10,000	30,000
Sub Total			90,000
Trade discount 10%			<u>(9,000)</u>
Net amount of invoice			<u>81,000</u>
<u>Settlement term: 2/10, n/30</u>			

Accounting entries – Sample invoice

In the Books of Seller (John Smith Traders)

Rs. Rs.

Dec. 19 Debtors A/c. 81,000
 Sales A/c. 81,000

If settled before

Dec. 29 Cash A/c. 79,380
 Discount allowed A/c. 1,620
 Debtors A/c. 81,000

If settled after

Dec. 29 Cash A/c. 81,000
 Debtors A/c. 81,000

Accounting entries – Sample invoice

In the Books of Buyer/Customer (Star Traders)

Rs. Rs.

Dec. 19 Purchases A/c. 81,000
 Creditors A/c. 81,000

If settled before

Dec. 29 Creditors A/c. 81,000
 Cash A/c. 79,380
 Discount received A/c. 1,620

If settled after

Dec. 29 Creditors A/c. 81,000
 Cash A/c. 81,000

Important Tips To Remember - ITTR

1. Discount allowed is expense
 2. Discount received is income
 3. Amount in front of “cash account” should always be net of discount
- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a large, multi-colored circular arrow (representing a cycle or process) in the upper right, a stack of coins at the bottom, and a calculator on the right side. The overall theme is financial accounting or business mathematics.

Journal – Books of Original Entries

The background features a complex, abstract design with various financial and data-related elements. It includes a large, multi-colored circular graphic resembling a target or a stylized 'O' in the upper right. Below it, there's a pie chart with segments in purple, blue, and orange, and a line graph with a red trend line. The overall aesthetic is modern and technical, with a color palette dominated by blues, greys, and muted earth tones.

16	Sales return Account	?	20	
	Debtors (John Smith) Account	?		20
	(Goods returned by John Smith).			

Practice 4.4

Dec 22: Charity paid in cash Rs.2,000.

Dec 23: Goods worth Rs.5,000, Cash Rs.10,000 were taken away by the proprietor for personal use.

Dec 26: Goods distributed as free sample Rs.13,000 and given away as charity worth Rs.2,000.

	Particulars	P R	Dr. Rs. 000	Cr. Rs. 000
22	Charity Account Cash Account (Charity paid in cash).	?	2	2
23	Drawings Account Cash Account Purchases Account (Owner withdrew cash & goods for personal use).	? ? ?	15	10 5
26	Free Sample Account Charity Account Purchases Account (Goods distributed as free sampling & given away as charity).	? ? ?	13 2	15

Important Tips To Remember - ITTR

1. Discount to Debtor is always “Expense”. It doesn’t mean cash payment
 2. Discount from Creditor is always “Income”. It doesn’t mean cash received
 3. Practice this exercise at least three times
- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a large, multi-colored circular graphic resembling a target or a pie chart in the upper right, a calculator in the lower right, and several stacks of coins at the bottom. The overall theme is financial and accounting-related.

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Overlaid on this are various data visualizations, including a pie chart with a segment labeled '23' and another with '5%'. There are also several stacks of coins at the bottom right, a calculator, and a grid of small squares. The overall theme is financial and analytical.

	Particulars	PR	Dr. Rs.	Cr. Rs.
11	Cash Account Capital Account (Fresh capital introduced by owner)	?	30,000	30,000
12	Bank Account Profit on bank Account (Profit earned on bank deposits)	? ?	12,000	12,000

Practice 4.5 – Journalizing

Dec 16: Received commission from a client Rs.10,000

Dec 17: Rent paid to Jamal by cheque Rs.20,000

	Particulars	PR	Dr. Rs.	Cr. Rs.
2	Cash Account Commission Account (Commission received)	?	10,000	10,000
23	Rent Account Bank Account (Rent paid by cheque)	? ?	20,000	20,000

Rent paid to Jamal

Debit "Rent expense"

Debit "Jamal"

Important Tips To Remember - ITTR

While analyzing "Expenses" & "Incomes" for Dr or Cr, never use "*personal account*" like name of the person to whom expense is being paid or from whom income is being received. Use "*nominal accounts*" as Dr. account or Cr. account.

For example:

1. Salaries paid to John, Steve and Zara; here personal account "*the names*" shall not be debited rather salaries as an expense account will be debited.
2. Received commission from David, Nasar, and Rajab; here personal account "*the names*" shall not be credited rather commission as an income account will be credited.

Important Tips To Remember - ITTR

- 
- The background features a collage of financial and business-related icons. At the top right is a colorful circular chart with concentric rings in shades of green, yellow, and orange. Below it is a pie chart with segments in purple, pink, and orange. To the right of the pie chart is a laptop screen displaying a line graph. At the bottom right is a calculator. Scattered throughout the background are various coins and banknotes, some of which are slightly blurred to create a sense of depth.
1. Any event of loss belongs to “Expense”
 2. Profits and gains belong to “Income”
 3. Consider the difference between “withdrawal for office use” and “withdrawal for personal use”
 4. Dealing in cheque affects “Bank a/c”

Journal – Books of Original Entries

**Subdivision of
Journal**

Subdivision of Journal

Journal is sub-divided because of large size of business.

Subdivision of journal is required because:

- **frequent cash transactions**
- **large number of credit purchases and credit sales are creating numerous Debtors and Creditors**

Types of Journal

- 
- The background features a collage of financial and business-related icons. At the top right is a colorful circular chart with concentric rings in shades of blue, green, yellow, and orange. Below it is a pie chart with segments in purple, pink, and orange. In the bottom right corner, there is a calculator and several stacks of coins. The entire background is overlaid with a pattern of faint, light gray dots and lines, giving it a digital or data-driven appearance.
- 1. Sales journal**
 - 2. Purchase journal**
 - 3. Sale return journal**
 - 4. purchase return journal**
 - 5. Cash book or cash journal or cash register**
 - 6. General journal**

Important Tips To Remember - ITTR

1. Journal is also termed as “Day Book”
 2. Broadly speaking there are three types of Journal or Day Book
 - a) for credit transactions
 - b) for cash transactions
 - c) for other events and conditions
- 
- A faint background graphic on the right side of the slide. It includes a magnifying glass with a colorful circular lens, a pie chart, a calculator, and several stacks of coins.

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored pie chart with segments in shades of purple, blue, and orange. Overlaid on this are various data visualizations: a line graph with a rising trend, a bar chart, and a scatter plot. The entire graphic is rendered in a semi-transparent, layered style, giving it a sense of depth. The text "Sales Journal" is centered over the middle of this graphic.

Sales Journal

Sales Journal

Credit sales

Cash sales

- **Recording transactions in Sales Journal**

Practice 4.5

Record following transactions in a Sales Journal.

Feb 1: Credit sales to Nelson Rs.3,875

Feb 3: Credit sales to John Smith Rs.1,667

Feb 6: Credit sales to Moon Light Rs.1,285

Feb 10: Credit sales to Super Mart Rs.550

Feb 17: Credit sales to Moon Light Rs.9,280

Feb 19: Credit sales to Popular Traders Rs.2,880

Feb 27: Credit sales to Pearl Traders Rs.8,250

Feb 28: Credit sales to Royal Club Rs.4,244

Date 20X9	Name of Debtors	Invoice no.	Post Ref.	Amount Rs.
Feb 1	Nelson			3,875
Feb 3	John Smith			1,667
Feb 6	Moon Light			1,285
Feb 10	Super Mart			550
Feb 17	Moon Light			9,280
Feb 19	Popular traders			2,880
Feb 27	Pearl Traders			8,250
Feb 28	Royal club			4,244
Feb 28	Total			32,031

Important Tips To Remember - ITTR

1. Only and only credit transactions for sales are recorded in sales journal
 2. Single effect is recorded in sales journal
 3. Sales journal is totaled after a regular interval
- 
- A faint background graphic on the right side of the slide. It includes a CD-ROM in the upper right, a pie chart in the middle right, a calculator in the lower right, and several stacks of coins at the bottom. There are also some abstract circular patterns and lines.

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and red. Overlaid on this are various data visualizations: a line graph with multiple series, a pie chart, and a bar chart. The entire scene is set against a backdrop of a city skyline with buildings. In the foreground, there are stacks of coins and a calculator, suggesting a financial or accounting theme. The text 'Purchase Journal' is prominently displayed in the center of the slide.

Purchase Return Journal

Date	Name of Creditors	Credit Note No.	Post Ref.	Amount Rs.
Dec. 12	Star Gold			80
	Giant store			30
Dec. 24	Falcon			200

Important Tips To Remember - ITTR

- 
- The background features a collage of financial and business-related icons. It includes a large, multi-colored circular arrow pointing clockwise, a pie chart with various colored segments, a calculator, several stacks of coins, and a series of concentric dotted circles. The overall theme is business and finance.
1. Return outwards is “purchase return”
 2. Return inwards is “sales return”

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and red. Overlaid on this are various data visualizations: a line graph with a rising trend, a pie chart, and a bar chart. The entire scene is set against a backdrop of faint, overlapping grid lines and a large, stylized number '23'. The overall aesthetic is modern and professional, typical of a business or financial presentation.

Cash Journal
Cash Book

Cash Book

- **Need for Cash Book**
- **Recording transactions in Cash Book**
- **Types of Cash Book**
 1. Single column cash-book
 2. Two column cash-book
 3. Three column cash-book
 4. Petty cash book

Cash book - Format

Cash Book (Single Column)

Date	RECEIPTS Particulars	Post Ref.	Amount Rs.	Date	PAYMENTS Particulars	Post Ref.	Amount Rs.

Cash Book (Two Column)

[illegible]

Cash Book (Three Column)

Date	RECEIPTS Particulars	Disc allowed	Cash Rs.	Bank Rs.

Date	PAYMENTS Particulars	Disc Received	Cash Rs.	Bank Rs.

Cash Book (Petty Expenses)

[illegible]

Important Tips To Remember - ITTR

1. **Only and only cash transactions are recorded in cash book**
 2. **Bank is cash equivalent**
 3. **Discounts are associated to cash receipts and cash payments**
- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a large, multi-colored circular graphic resembling a target or a pie chart in the upper right, a calculator in the lower right, and several stacks of coins at the bottom. The overall theme is financial accounting.

Journal – Books of Original Entries

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Below this, there's a smaller pie chart with segments in purple, pink, and orange. To the right, a calculator is visible. The entire scene is overlaid with a grid of dots and lines, suggesting a data-driven or financial context. The text 'Single Column Cash Book' is centered over this background.

**Single Column
Cash Book**

Practice 4.10

Record following transactions in a cash book with single cash column and find closing balance to carry forward.

Rs.

Mar. 1:	Balance brought forward (b/f)	4,000
Mar. 3:	Sold goods for cash	40,000
Mar. 7:	Sold goods on credit to Alpha	75,000
Mar. 10:	Bought goods for cash	28,000
Mar. 15:	Bought goods on credit from Beta	42,000
Mar. 18:	Received cash from Debtor (Alpha)	75,000
Mar. 19:	Made part payment in cash to Creditor (Beta)	15,000
Mar. 20:	Paid staff salaries	20,000
Mar. 26:	Bought furniture for cash	25,000
Mar. 30	Paid Electricity bill	5,000

Practice 4.10 - Answer

Cash Book

Date 20X9	RECEIPTS Particulars	Post Ref.	Rs.	Date 20X9	PAYMENTS Particulars	Post Ref.	Rs.
Mar.1	Balance b/f		4,000	Mar. 10	Purchases		28,000
3	Sales		40,000	19	Creditor (Beta)		15,000
18	Debtor (Alpha)		75,000	20	Staff salaries		20,000
				26	Furniture		25,000
				30	Electricity bill		5,000
				31	Balance c/f		26,000
			<u>119,000</u>				<u>119,000</u>

Important Tips To Remember - ITTR

1. **Cash is “Asset”, its opening balance will always be placed in Dr. side (Receipt side)**
2. **Closing balance of cash is excess of receipts over payments**
3. **Closing balance of Cash is always placed in Cr. side to balance the both sides**

Journal – Books of Original Entries

The background features a complex, abstract design with various financial and data-related elements. It includes a large, multi-colored circular graphic resembling a target or a stylized 'O' in the upper right. Below it, there's a pie chart with segments in purple, blue, and orange. A line graph with a rising trend is visible in the lower right. At the bottom, there are several stacks of coins and a calculator. The overall theme is financial and analytical.

**Two Column
Cash Book**

Practice 4.11

Record following transactions into a cash book with cash and bank columns, also find closing balance for both columns to carry forward.

20X9

Mar. 1 Balances brought forward cash Rs.7,000; bank Rs.25,000

Mar. 2 Sold goods for cash Rs.40,000, the amount was deposited into bank on the same date.

Mar. 5 Bought stationary for cash Rs.2,000

Mar. 9 Bought furniture, payment made by cheque Rs.10,000

Mar. 15 Received Rs.15,000 in cash from Debtor Sagheer

Mar. 16 Received a cheque of Rs.20,000 from Debtor Kabeer and deposited into bank

Mar. 20 Made payment to a creditor Abeer through cheque Rs.18,000

Mar. 22 Cash withdrawn from bank for office use Rs.25,000

Mar. 25 Cash withdrawn from Bank from owner's personal use Rs.8,000

Mar. 28 Cash received from sale of old machine Rs.60,000

Mar. 30 Cash deposited into bank Rs.75,000 and paid salaries in cash Rs.20,000

Practice 4.11 - Answer

Cash Book

Date 20X9	RECEIPTS Particulars	P R	Cash Rs.	Bank Rs.	Date 20X9	PAYMENTS Particulars	PR	Cash Rs.	Bank Rs.
Mar. 1	Balance b/f		7,000	25,000	Mar. 05	Stationery		2,000	
2	Sales			40,000	09	Furniture			10,000
15	Debtor - Sagheer		15,000		20	Creditor - Abeer			18,000
16	Debtor - Kabeer			20,000	22	Cash	C		25,000
22	Bank	C	25,000		25	Drawings			8,000
28	Machine Disposal		60,000		30	Bank	C	75,000	
30	Cash	C		75,000	30	Salaries		20,000	
					31	Balance c/f		10,000	99,000
			<u>107,000</u>	<u>160,000</u>				<u>107,000</u>	<u>160,000</u>

Important Tips To Remember - ITTR

- 
1. In “Contra Entry”,
“cash account”
reciprocates with
“bank account”
 2. Contra entries:
 - a) Cash deposited
into bank
 - b) Cash withdrawn
from bank for
office use

Journal – Books of Original Entries

An abstract background graphic on the right side of the slide. It features a large, faint, light-gray circular pattern resembling a spiral or a large 'C'. Overlaid on this are various financial and data-related elements: a colorful pie chart with segments in purple, blue, and orange; a smaller pie chart with a green and yellow segment; a line graph with a blue line and a red line; a bar chart with several bars of varying heights; and a calculator. There are also some faint, stylized figures of people in business attire. The overall theme is financial and data-oriented.

Three Column Cash Book

Practice 4.12

Record following transactions into three column cash-book; with cash, bank, and discount columns, also find closing balances to carry forward.

20X9

- Mar. 1** **Balance brought forward: Cash Rs.3,000; Bank overdraft Rs.10,000**
- Mar. 5** **Cash received from debtor Burhan in full settlement of his account balance Rs.50,000, after subtracting 8% cash discount.**
- Mar. 10** **Received a cheque of Rs.70,000 from debtor Hanan in full settlement of his account after subtracting cash discount Rs.5,000.**
- Mar. 15** **Goods sold on credit to debtor Zain worth Rs.80,000 subject to settlement terms 5/10, n/30 and a trade discount of Rs.4,000. (credit transaction – no effect in cash book)**
- Mar. 20** **Paid Rs.40,000 through cheque to creditor Rehan after subtracting cash discount Rs.4,000.**
- Mar. 25** **Paid to Bilal his account balance due Rs.25,000 in cash after subtracting cash discount Rs.2,000.**
- Mar. 30** **Received cheque from debtor Athar against sales made on March 15th and deposited into bank.**
- Mar. 31** **Cash in excess of Rs.6,000 is to be deposited into bank. (Rs.6,000 should remain in cash balance c/f)**

Practice 4.12 - Answer

Cash Book

Date 20X9	Receipts Particulars	P R	Cash Rs.	Bank Rs.	Disc. Allow Rs.	Date 20X9	Payments Particulars	P R	Cash Rs.	Bank Rs.	Disc. Rec Rs.
Mar. 1	Balance b/f		3,000			Mar. 1	Balance b/f			10,000	
5	Debtor - Burhan		46,000		4,000	20	Creditor - Rehan			40,000	4,000
10	Debtor - Hanan			70,000	5,000	25	Creditor - Bilal		23,000		2,000
30	Debtor - Athar			76,000		31	Bank	C	20,000		
31	Cash	C		20,000		31	Balance c/f		6,000	116,000	
			<u>49,000</u>	<u>166,000</u>	<u>9,000</u>				<u>49,000</u>	<u>166,000</u>	<u>6,000</u>

Important Tips To Remember - ITTR

1. Bank is not always “Asset”. It is “Liability” if cash is overdrawn from bank upon facility
2. Opening balance of bank over draft is placed in the payment side

Journal – Books of Original Entries

The background features a complex, abstract design with various financial and data-related elements. It includes concentric dotted circles, a colorful circular chart with segments in yellow, green, blue, and red, a pie chart with a pink segment labeled 'Q3' and a '5%' label, and several stacks of grey coins at the bottom. The overall aesthetic is modern and technical, suggesting a focus on finance and accounting.

**Petty
Cash Book**

Petty Cash Book

Accountants separately recognize cash at bank, cash in hand and petty cash:

1. **Main Cash** (significant)
2. **Petty Cash** (insignificant)

Mechanism to maintain Petty Cash Book

3. **Petty Cash System**
4. **Imprest System**

Petty Cash System

Petty cashier receives a fixed amount at the start of each week to meet petty expenses during that week.

Example

In the **first week** of business setup the petty cashier receives Rs.1,000 and spends Rs.970 for different petty expenses and left with a balance of Rs.30 in petty cash box. In the start of **second week**; the petty cashier once again receives Rs.1,000 from the main cash and keeps it in the petty cash box that increases the balance of petty cash box, on that day, to Rs.1,030. During the second week the petty cashier spends Rs.990. Now the balance in petty cash box, at the end of second week, is Rs.40. In the start of **third week** the petty cashier once again receives Rs.1,000 from the main cash book and keeps it in the petty cash box that increases the balance in petty cash box to Rs.1,040.

Imprest System

An imprest amount is fixed and provided to petty cashier that is subsequently topped-up exactly equal to the amount spent during the previous period for petty expenses.

Example

a petty cashier receives Rs.1,000 at the start of **first week** to meet petty expenses during that week on imprest system. The petty cashier spends Rs.970 for different petty expenses and left with a balance of Rs.30 in petty cash box. In the start of **second week**; the petty cashier receives Rs.970 from the main cash in order to top-up petty cash box balance up to Rs.1,000. During the second week the petty cashier spends Rs.990. Now the balance in petty cash box, at the end of second week, is Rs.10 and the amount for top-up is Rs.990 to make the balance in petty cash box equal to Rs.1,000.

Practice 4.13

Record following transactions in petty cash book on imprest system.
Imprest limit is Rs.1,000.

Date	Transactions	Rs.
Jan 01	Funds transferred from main cash for petty expenses	1,000
Jan 01	Paid for tea bags	150
Jan 02	Paid for cycle repair	200
Jan 03	Paid for photocopies	50
Jan 03	Paid for cycle stand at bank	10
Jan 03	Paid for postage	60
Jan 05	Paid for sugar and tea biscuits	220
Jan 06	Paid for stove repair	180
Jan 07	Paid for stationery	120

Practice 4.13 - Answer

Petty Cash Book

Date	Receipt Rs.	Particulars	Total Payment Rs.	Enter- tainment Rs.	Photo copy Rs.	Repair Rs.	Travelling Rs.	Postage Rs.	Stationery Rs.
Jan 01	1,000	Imprest from Main Cash							
Jan 01		Tea bags	150	150					
Jan 02		Cycle repair	200			200			
Jan 03		Photocopy	50		50				
Jan 03		Cycle stand	10				10		
Jan 03		Postage	60					60	
Jan 05		Sugar etc.	220	220					
Jan 06		Stove repair	180			180			
Jan 07		Stationery	120						120
		Balance c/f	10						
	1,000	Total	1,000	370	50	380	10	60	120
Jan 08	10	Balance b/f							
Jan 08	990	Imprest from Main Cash							

Important Tips To Remember - ITTR

1. **Petty cash book is prepared for insignificant payments**
 2. **Receipt side has single column, payment side is divided into multiple columns**
 3. **Imprest is topped up with actual spending in the previous period**
- 

Practice 4.14

Choose correct answer

1. Goods purchased from John smith Rs.500 are debited to _____
 - a) John smith account
 - b) Goods Account
 - c) Cash Account
 - d) Purchases Account**
2. Commission paid to agent Jordan Rs.1,000 will be debited to _____
 - a) Commission account**
 - b) Cash Account
 - c) Jordan Account
 - d) None of above
3. Goods purchased for Rs.5,000 subject to 10% trade discount, amount to be debited to purchases account will be _____
 - a) 5,000
 - b) 5,500
 - c) 4,500**
 - d) None of the above

Practice 4.14

4. Goods returned from debtors will be recorded in which book of account?
- a) Return inward journal
 - b) Return outward journal
 - c) Purchase journal
 - d) General journal
5. Payment received from Star Brothers Rs.4,800 in full settlement of Rs.5,000 will be debited to _____
- a) Cash Account
 - b) Discount allowed Account
 - c) Star Brothers Account
 - d) Both a. and b.
6. Loan repaid to Hassan Brothers will be debited to _____
- a) Hassan Brothers
 - b) Hassan Brothers' Loan Account
 - c) Cash Account
 - d) None of above
- 

Practice 4.14

7. Goods purchased for cash will be recorded in which book of account?

- a) Purchase journal
- b) Cash book**
- c) General journal
- d) a and b both

8. Machinery purchased from on credit from Caterpillar will be recorded in which book of account?

- a) Assets journal
- b) Purchases journal
- c) General journal**
- d) Machinery journal

Practice 4.14

9. Stock lost in fire will be credited to _____
- a) Stock account
 - b) Goods Account
 - c) purchases Account**
 - d) Loss by fire Account
10. Short explanation written below the accounting entry is called _____
- a) Explanation
 - b) Narration**
 - c) Compound entry
 - d) None of above

Answer: (1-d, 2-a, 3-c, 4-a, 5-d, 6-b, 7-b, 8-c, 9-c, 10-b)

Ledger and Trial Balance

Need for Ledger

The background of the slide features a complex, abstract graphic. It includes a grid of squares, some of which are shaded in light gray. Overlaid on this grid are several elements: a target with concentric circles in the upper right, a pie chart with segments in purple, blue, and orange in the lower right, and a calculator in the bottom right corner. There are also some faint, curved lines and dots scattered across the grid, giving it a sense of depth and movement.

Main Ledger / General Ledger

We need balances of the elements of financial statements for reporting purposes.

Journals do not produce final balances of all accounting heads

Ledger is maintained to extract balances

Important Tips To Remember - ITTR

- 
1. Main ledger is a book of account
 2. Ledger account is a summary of similar transactions of an accounting head already recorded in journal
 3. Each ledger account gives a balance at the end of reporting period

Ledger and Trial Balance

Chart of Accounts

The background of the slide features a complex, abstract graphic on the right side. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and red. Below this chart is a smaller, purple and pink circular chart. The background also contains faint, overlapping images of a calculator, a stack of coins, and a grid of numbers, suggesting a financial or accounting theme.

Chart of accounts

**Chart of accounts is
a list of the names of
accounts**

Chart of Account – Example

1. Assets

- 11 Cash
- 12 Accounts Receivable
- 14 Stocks
- 15 Prepaid Insurance
- 17 Land
- 18 Office Equipment

2. Liabilities

- 21 Accounts payable
- 23 Rent Payable
(accrued)

3. Owner's equity

- 31 Owner's capital
- 32 Owner's drawings

4. Incomes

- 41 Sales
- 42 Sales return

5. Expenses

- 51 Wages
- 52 Rent
- 54 Utilities
- 55 Stationery
- 59 Office maintenance

Important Tips To Remember - ITTR

1. **Chart of accounts is a list of accounting heads**
2. **Each chart of account is assigned a unique code**
3. **Accounting software identifies code assigned to each chart of account**

Ledger and Trial Balance

Format of Ledger Account

The background of the slide features a complex, semi-transparent graphic on the right side. It includes a large, multi-colored circular arrow (a 'chasing arrow' or 'infinity' symbol) in shades of orange, yellow, and green. Below this, there is a 3D pie chart with segments in purple, blue, and orange. At the bottom right, a calculator is visible. The entire graphic is overlaid on a grid of small squares and circles, giving it a technical or digital feel. The text 'Format of Ledger Account' is centered over this graphic.

Format of ledger accounts

A ledger account, in its T form, has three parts

- Title, the name of accounting head
- Debit side, which is its left-hand side
- Credit side, which is its right-hand side.

Title	
Debit Side	Credit Side

Detailed format of a ledger account

A ledger account with full details is prepared in two styles:

a) T account style

Date	Particulars	Post Ref.	Rs.	Date	Particulars	Post Ref.	Rs.

b) Running balance style

Date	Particulars	Post Ref.	Debit Rs.	Credit Rs.	Dr/ Cr	Balance Rs.

Important Tips To Remember - ITTR

- 
- The background features a collage of financial and business-related icons. At the top right is a CD-ROM. Below it is a line graph with a red arrow pointing upwards. In the bottom right corner is a calculator. At the bottom are several stacks of coins. The entire background is overlaid with a pattern of dotted lines forming a spiral or tunnel effect.
1. For beginners; T account style is easy to understand
 2. Practically; Running balance style is used
 3. Running balance style gives balance after each posting

Ledger and Trial Balance

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping circular and rectangular shapes in various colors (yellow, orange, green, blue, purple) that look like stylized charts or data visualizations. There are also some faint, dotted lines and a small, colorful circular graphic in the upper right corner. The overall aesthetic is modern and technical, suggesting a focus on data and finance.

**Posting from
General Journal
into
Main Ledger**

Posting from General Journal

The process of picking up amount from journal and placing into the debit or credit side of relevant ledger account is known as *posting*.

Date 2009	Particulars	Post Ref.	Rs	Date	Particulars	Post Ref.	Rs
Jan 30	Cash account	J05	1,000				

Important Tips To Remember - ITTR

1. Each journal entry is posted twice in the ledger
2. First, in the debit side of a ledger account and second in the credit side of another ledger account with the same amount. 
3. This is because of double entry book keeping system

Ledger and Trial Balance

The background features a complex, semi-transparent graphic on the right side. It includes a large circular chart with concentric rings in shades of blue, green, and yellow. Below this, there's a pie chart with segments in purple, blue, and orange. At the bottom right, a calculator is visible. The entire graphic is overlaid with a grid of dots and lines, giving it a digital or data-driven appearance.

**Posting of
Compound Entry
into
Main Ledger**

Entry F (Compound entry)

On January 1, 20X9 owner introduced cash Rs.25,000 and a computer worth Rs.10,000 into the business as capital.

Important Tips To Remember - ITTR

- 
- The background features a faint, stylized illustration of financial and accounting elements. It includes a large, multi-colored circular graphic resembling a pie chart or a target, a calculator, several stacks of coins, and a grid of numbers. Dotted lines and arrows suggest a flow or process, possibly representing the ITTR (Income Tax Transfer) process.
1. **Sum of Dr. is equal to Sum of Cr.**
 2. **Post reference is page number of journal and ledger**
 3. **Particular column in ledger account shows reason for being debited or credited**

Ledger and Trial Balance

The background of the slide features a complex, abstract design. It includes a large, multi-colored circular graphic in the upper right corner, resembling a target or a stylized sun. Below this, there are several overlapping circular and rectangular shapes in shades of purple, blue, and yellow. A large, faint, dotted circular pattern is visible on the left side. In the bottom right corner, there is a small, detailed illustration of a calculator and some coins. The overall aesthetic is modern and financial.

**Practice
Posting Process**

Practice 5.1

Journalize the transactions and prepare ledger accounts

Jan 1 Started business with Rs.200,000 in the bank and Rs.40,000 in cash

Jan 1 Bought shop fittings Rs.40,000 and a van Rs.60,000. Both paid by cheque.

Jan 2 Paid rent expense by cheque Rs.5,000.

Jan 3 Bought goods, for reselling, on credit from Jordan & Co. Rs.50,000

Jan 5 Cash sales Rs.5,000.

Jan 8 Paid wages of assistant in cash Rs.1,000.

Jan 10 Paid insurance expense by cheque Rs.500.

Jan 12 Cash sales Rs.8,000.

Jan 15 Paid wages of assistant in cash Rs.1,000.

Jan 17 Paid Jordan & Co. Rs.30,000 by cheque and goods returned to Jordan & Co. Rs.6,000..

Jan 19 Bought goods, for reselling, on credit from Dunhill & Co. Rs.25,000.

Jan 19 Cash sales Rs.7,000.

Jan 22 Paid wages of assistant in cash Rs.1,000.

Jan 24 Bought stationery and paid in cash Rs.500.

Jan 25 Cash sales Rs.15,000.

Jan 27 Paid Dunhill & Co. Rs.14,000 by cheque.

Jan 29 Paid wages of an assistant in cash Rs.1,000.

Jan 31 Deposited cash Rs.20,000 into the bank.

Important Tips To Remember - ITTR

1. Always develop a chart of account prior to posting process
2. Ledger account of an accounting head summarized all related journal entries recorded in the journal

Ledger and Trial Balance

The background features a complex, abstract design with various financial and data-related elements. It includes a large, multi-colored circular graphic resembling a target or a stylized 'O' in the upper right. Below it, there's a pie chart with segments in purple, blue, and orange, and a line graph with a red arrow pointing upwards. The overall theme is financial analysis and accounting.

**Balancing the
Ledger Accounts**

Balancing the ledger accounts

In the above **practice 5.1**, the ledger accounts are not producing final balances, which can be reported in the financial statements.

Balancing figure is an amount that equalizes both sides of a ledger account.

Balancing a Sample accounts

Sample Account

Date	Particulars	Post Ref.	Rs	Date	Particulars	Post Ref.	Rs
Jan 18	Cash Account		5,000	Jan 25	Cash		9,000
Jan 20	Cash Account		7,000				
Jan 30	Cash Account		3,000		Balancing figure	B	6,000
Total			15,000	Total			15,000

Total Debit
Total Credit
Debit Balance

Rs.15,000
Rs. 9,000
Rs. 6,000

Identifying the Balance

- A balancing figure appearing in the credit side of a ledger account is known as a *Debit Balance* and
- A balancing figure appearing in the debit side of a ledger account is known as *Credit Balance*.

Balancing the ledger accounts

Balance of “Bank account” in the **practice 5.1**

Step 1. Total of Debit side Rs.220,000.

Step 2. Total of Credit side Rs.149,500.

Step 3. Deduct the sum of lower side out of the sum of higher side; the Balance is Rs.70,500.

Bank Account

Date 1997	Particulars	Post Ref.	Rs	Date	Particulars	Post Ref.	Rs
Jan 1	Capital Account		200,000	Jan 1	Furniture & Fittings A/c		40,000
Jan 31	Cash Account		20,000	Jan 1	Van Account		60,000
				Jan 2	Rent Account		5,000
				Jan 10	Insurance Account		500
				Jan 17	Jordan & co. Account		30,000
				Jan 27	Dunhill & Co. Account		14,000
				Jan 31	<i>Balance</i>	B	<i>70,500</i>
	Total		220,000		Total		220,000

Mechanism of Balancing Ledger

1. Identify “natural side” of the accounting head.
2. Make total of the “natural side” (being greater).
3. Place this sum at the bottom of both sides (Dr. and Cr.) of the ledger account.
4. Deduct, one by one, the amounts of lower side (opposite to the natural side) from the total of the “natural side” (that has already been placed at the bottom).
5. Place the balancing figure in the lower side, so that the sum of both sides remains same.

Contra nature of accounts

There is an exception to the above criterion for contra nature of accounts e.g. sales return account and purchases return account etc.

Because the natural side (greater side) of contra accounts would always be opposite to the group's nature.

Contra Accounts

Original Accounts	Contra Accounts	Main Head
Purchases	Purchases Return	Expense
Sales	Sales Return	Income
Capital	Drawings	Owner's Equity
Fixed Assets	Provision for Depreciation	Asset
Debtors	Provision for Doubtful Debts	Asset

Balance of contra account is always opposite to the balance of its original accounts.

Important Tips To Remember - ITTR

1. **Balance appearing in the Cr. side is Dr. balance**
 2. **Balance appearing in the Dr. Side is Cr. balance**
 3. **Balance reflects the nature of the accounting head in terms of Dr. and Cr.**
- 

Ledger and Trial Balance

The background features a complex, abstract design with various financial and data-related elements. It includes concentric circles, a pie chart with segments in purple, pink, and orange, a line graph with a rising trend, and several stacks of coins at the bottom. The overall color palette is muted, with greys, whites, and soft pastels, giving it a professional and modern feel.

Important Tips To Remember - ITTR

1. The side matching with nature of the relevant ledger account would always be heavier
2. Never put c/d or c/f with balances of the nominal accounts i.e., income and expense

Ledger and Trial Balance

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with concentric rings in shades of blue, green, yellow, and orange. Overlaid on this are various data visualizations: a pie chart with segments in purple, blue, and orange, and a line graph with a red trend line. There are also several small, stylized figures of people in business attire, some appearing to be in motion. The overall aesthetic is modern and professional, with a focus on financial and data-related themes.

Trial Balance

Trial Balance

Trial balance is merely a list of balances extracted from the ledger containing final balance of each ledger account.

In a trial balance; all accounting heads having debit balances are listed in the left-hand side (Dr-side) and likewise all accounting heads having credit balances are listed in the right-hand side (Cr-side).

Trial Balance – Practice 5.1

Sr. No.	Accounting Heads	Debit Rs.	Credit Rs.
1	Bank account	70,500	
2	Cash account	50,500	
3	Capital account		240,000
4	Furniture & fittings account	40,000	
5	Van account	60,000	
6	Rent account	5,000	
7	Purchases account	75,000	
8	Creditor Jordan & Co. account		14,000
9	Sales account		35,000
10	Wages account	4,000	
11	Insurance account	500	
12	Purchases Return account		6,000
13	Creditor Dunhill & Co. account		11,000
14	Stationery account	500	
	Total	306,000	306,000

Important Tips To Remember - ITTR

1. Trial balance is neither a book of account nor it is a financial statement
 2. Trial balance confirms arithmetic accuracy of bookkeeping
 3. Sum of Dr. is equal to Sum of Cr.
- 
- The background of the slide features a faint, stylized illustration of financial and accounting concepts. It includes a large, multi-colored circular graphic resembling a CD or a pie chart in the upper right, a calculator in the lower right, and several stacks of coins at the bottom. Dotted lines and geometric shapes are scattered throughout, creating a modern, tech-oriented aesthetic.

Ledger and Trial Balance

The background features a collage of financial and accounting-related icons. On the right side, there is a large, colorful circular graphic with concentric rings in shades of orange, yellow, green, and blue. Below this, there is a purple circular graphic with a white center. In the bottom right corner, there is a calculator icon. The background also includes faint, stylized representations of buildings and a grid pattern.

**Posting from
Subdivided
Journal
into
Main Ledger**

Posting from sub-divided journals

The mechanism of posting process from subdivided journals into the relevant ledger accounts is somewhat different from the posting process discussed earlier; from general journal into ledger.

The background of the slide features a faint, stylized illustration of accounting and business concepts. It includes a large, multi-colored circular graphic resembling a CD or a stylized 'O' in the upper right. Below it, there are various geometric shapes, lines, and icons that suggest a digital or data-driven environment. In the bottom right corner, there is a small, detailed illustration of a calculator and some coins, reinforcing the financial theme of the presentation.

Important Tips To Remember - ITTR

1. Cash book is considered as a ledger account for cash
2. Considering first effect of has already been posted, the second effects cash receipts and payments are posted into relevant ledger accounts

Practice 5.6

State whether each of following statements is True or False

1. Ledger keeps transactions in chronological order. **False**
2. Posting is done in Ledger. **True**
3. Ledger is a source for preparing Trial Balance. **True**
4. An account will show a Dr. balance if its Cr. side is greater than its Dr. side. **False**
5. First of all, the transactions are recorded in ledger. **False**
6. Cash Account always shows a debit balance. **True**
7. Debit side of expenses is always greater than its credit side. **True**
8. While posting from general journal to ledger; the opposite account will be used to show as a reason in particulars column of ledger account. **True**

Important Tips To Remember - ITTR

Accounting Cycle

1. Voucher / Source document

MGT 101 Financial Accounting

By
Mian Ahmad Farhan, FCA

Contents

Sr. N o	Course Outline Topics
1	Components of Financial Statements and Accounting Equations
2	Proper format of Income Statement
3	Proper format of Balance Sheet
4	Practice

Preparation of Financial Statements

The background of the slide is a light gray with a complex, abstract pattern. It features a grid of squares, some of which are slightly offset or faded, creating a sense of depth. Overlaid on this grid are various financial and technological symbols. In the upper right, there is a circular graphic with concentric rings in shades of blue, green, and yellow, resembling a target or a stylized eye. Below this, there are several curved, overlapping bands in purple, pink, and orange. In the lower right, a calculator is visible, and at the bottom, there are several stacks of coins or disks. The overall aesthetic is modern and professional, typical of a business or financial presentation.

**Components of
Financial Statements
and Accounting
Equations**

Need for financial statements

- To know financial position
 - To know financial performance
 - To know cash flows
 - To know changes in equity
 - To know significant accounting policies and disclosures
- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a large, multi-colored circular graphic resembling a target or a pie chart in the upper right, and several stacks of coins at the bottom. The overall theme is financial and corporate.

Components of financial statements

Main components

- 1. Income statement**
(profit or loss and other comprehensive income)
- 2. Balance sheet**
(financial position)

(IAS 1) five components of financial statements:

- 1) Statement of Financial Position**
- 2) Statement of Profit or Loss and Other Comprehensive Income**
- 3) Statement of Cash Flows**
- 4) Statement of Changes in equity and**
- 5) Notes to the Financial Statements**

Accounting Equation

Income statement

Incomes – Expenses = Profit

Balance sheet

Assets = Owners equity +
Liabilities

Practice 6.1

Prepare income statement and balance sheet with the help of following trail balance.

Accounting heads	Debit Rs.	Credit Rs.
Bad debts	305	
Advertisement	1,506	
Telephone Bill	1,615	
Stationery	500	
Repairs	600	
Sales Revenue		40,600
Purchases Expense	28,500	
Salaries and wages	4,850	
Machinery	12,500	
Creditor		5,250
Debtors	7,810	
Furniture	5,600	
Land	28,000	
Drawings	7,218	
Rent Income		1,000
Capital		52,154
Total	99,004	99,004

Closing stock is valued at Rs. 9,960

Practice 6.1 - Answer

Income Statement for the reporting period...

Income		-	Expense		=	Net Profit
Sales Revenue	40,600		Purchases Expense	28,500		
Rent income	1,000		Less: closing Stock*	(9,960)		
			Cost of goods sold	18,540		
			Bad debts	305		
			Advertisement	1,506		
			Telephone bill	1,615		
			Stationery	500		
			Repairs	600		
			Salaries & wages	4,850		
	<u>41,600</u>	-		<u>27,916</u>	=	<u>13,684</u>

Balance Sheet as on the reporting date...

Assets		=	Owner's equity		+	liabilities	
Debtor	7,810		Capital	52,154		Creditors	5,250
Stock closing*	9,960		Add Net profit	13,684			
Furniture	5,600		Less Drawings	(7,218)			
Machinery	12,500						
Land	<u>28,000</u>						
				58,620	+		5,250
	<u>63,870</u>	=				<u>63,870</u>	

*The cost that expires during the reporting year is reported as expense.
Cost of closing stock is un-expired cost.

Important Tips To Remember - ITTR

1. **Income Statement and Balance Sheet are the two most important components of FS**
 2. **Accounting Equations correspond to these components of FS**
- 
- The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular arrow (yellow, green, blue, red) in the upper right, a purple circular arrow in the lower right, and a grey calculator in the bottom right corner. The overall design is modern and professional, with a focus on financial themes.

Preparation of Financial Statements

Format of Income Statement

The background features a complex, abstract graphic. It includes a large, multi-colored circular arrow pointing clockwise, a pie chart with segments in purple, blue, and orange, and a calculator. There are also several stacks of coins and a series of concentric dotted circles. The overall theme is financial and analytical.

Format of Income Statement

Entity's Name
Income Statement
For the year ended 31 December 20X9

	Rs.	Rs.
Sales Revenue		***
Cost of Goods Sold (<i>Note 1</i>)		
Opening stock	***	
Purchases	***	
Closing stock	<u>(***)</u>	<u>(***)</u>
Gross Profit (<i>Note 2</i>)		***
Operating Expenses (<i>Note 3</i>)		<u>(***)</u>
Operating Profit		***
Other Income (<i>Note 4</i>)		***
Net Profit (<i>Note 5</i>)		*** ==

Notes

1. Cost of Goods Sold

Although the purchases account is an accounting head that belongs to the main head EXPENSES but all the goods purchased are rarely sold out in the year of purchase. It is adjusted with opening and closing stock.

2. Gross Profit

Gross profit shows potential of the entity to meet operating expenses during the period.

Notes

3. Operating Expenses

These include:

4. Administrative

5. Selling and marketing

These are subtracted from the gross profit to ascertain operating profit of the business.

3.1 Administrative

These are incurred to run the administrative affairs.

3.2 Selling and Marketing

These expenses are incurred to promote the sales.

Notes

4. Other Incomes

These are the non-operating incomes.

5. Net Profit

It is the profit that management of the entity wants to know through income statement in order to take certain economic decisions.

Important Tips To Remember - ITTR

1. **Matching principle is the base of preparing Income Statement**
2. **Cost that expires is expense**

Preparation of Financial Statements

Format of Balance Sheet

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with segments in shades of blue, green, yellow, and orange. Below this, there's a smaller pie chart with segments in purple, blue, and orange. The background is filled with various geometric shapes, including rectangles and circles, some of which are dotted. There are also several stacks of coins at the bottom right and a calculator icon. The overall theme is financial and data-driven.

Format of Balance Sheet

		Entity's Name Balance Sheet As at 31 December 20X9

	Bank overdraft	***	
	Short term loans	***	***
		—	***
			==

Notes

6. Fixed Assets

These are the assets that are held; for use in production of goods/services or delivery of goods/services, for renting to others and for administration purpose.

7. Current Assets

These are the assets that are held for trading purposes (means stock for selling purpose) and/or are expected to be recovered in cash in next twelve months (debtor), and/or are cash in hand and cash at bank.

Notes

8. Owners' Equity

It includes the amount of capital and also the net profit earned/generated by the entity. The amount of drawings is subtracted from it.

9. Long-Term Loan

It is an obligation on the entity that is expected to be settled after more than one accounting year.

10. Current Liabilities

These are obligations on the entity that are payable within next twelve months.

Important Tips To Remember - ITTR

- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a pie chart with various colored segments, a line graph with data points, and several coins or medals scattered at the bottom. The overall theme is financial analysis and accounting.
1. Distinguishing between fixed assets and current assets is must
 2. Liabilities should also be distinguished between long-term and short-term obligations
 3. Short-term obligations are current liabilities

Preparation of Financial Statements

The background features a complex, abstract design with various financial symbols. It includes a large, multi-colored circular chart with concentric rings in shades of blue, green, yellow, and orange. There are also smaller pie charts, bar graphs, and a calculator visible. The overall aesthetic is modern and professional, with a focus on data and finance.

Important Tips To Remember - ITTR

1. **Expenses are classified in accordance to their functions**
2. **Grouping of Balance Sheet items is mostly based on the order of permanency**

Chapter - 7

Bank Reconciliation Statements

MGT 101 Financial Accounting

By
Mian Ahmad Farhan, FCA

Contents

Sr. No	Course Outline Topics
1	Basic Concepts of Bank Reconciliation
2	Nature and Behaviour of Balances
3	Possible reasons of differences - Those need adjustment in cash book
4	Possible reasons of differences - Those need to be presented in BRS
5	Practice - Given: Both Balances
6	Practice - Given: Previous BRS, current cash book and current bank statement
7	Practice - Given: Previous cash book and current bank statement
8	BRS – Accounting Entries

Bank Reconciliation Statement

The background of the slide features a complex, abstract design. It includes a large, multi-colored circular graphic in the upper right corner, resembling a target or a stylized sun. Below this, there are various geometric shapes, including a large purple arrow pointing upwards and to the right. The background is also filled with faint, overlapping patterns of dots and lines, suggesting a data-driven or financial theme. In the bottom right corner, there is a small, stylized icon of a calculator.

**Basic Concept of
Bank Reconciliation
Statement**

Basic Concept of Bank Reconciliation

- Cash book balance in conformity with the bank statement balance
- Accountant of the business prepares a bank reconciliation statement on a specific date
- BRS presents reasons causing difference among the balance as per cash book and balance as per bank statement
- There arise two types of difference
 - Adjusting difference
 - Reconciling difference

Important Tips To Remember - ITTR

- 
- The background of the slide features a complex, semi-transparent graphic on the right side. It includes a large, multi-colored circular arrow (yellow, green, blue, red) pointing clockwise. Below this, there are several stacks of coins and a calculator. The overall theme is financial and accounting, with a modern, digital feel.
1. **Business accountant prepares cash book**
 2. **Bankers prepare bank statement**
 3. **Business accountant prepares BRS**

Bank Reconciliation Statement

**Nature and Behaviour
of Balances**

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored circular element in the upper right corner, resembling a target or a stylized sun. Below this, there are several curved, overlapping bands in shades of purple, pink, and blue. The lower right portion of the graphic shows a grid-like structure with various financial symbols, including a calculator, a pie chart, and some numerical data points like '23' and '5%'. The overall aesthetic is modern and professional, with a focus on financial themes.

Nature and Behaviour of Balances

It is important to know the nature and behavior of two balances before unfolding the possible reasons of difference among the two balances.

Balances as per:	Favorable or Unfavorable Balance	Deposit account (Favorable for the entity/business)	Overdraft account (Unfavorable for the entity/business)
Business Record _ Cash Book (Bank Column) _ Bank a/c _ Bank Book		Dr. Entity's Asset	Cr. Entity's Liability
Bank Record _ Bank Statement _ Pass Book		Cr. Bank's Liability	Dr. Bank's Asset

Important Tips To Remember - ITTR

1. There are two types of deposit account:
 - a) Fixed/Time Deposit
 - b) Demand Deposit
2. BRS is prepared for demand deposit accounts only. These may be:
 - a) Current Account
 - b) Profit and Loss Sharing Account, also known as Saving Account
3. Transactions take place frequently in demand deposit accounts
4. Further deposits and withdrawals are not made in time deposit account till its maturity

Bank Reconciliation Statement

Possible Reasons of Differences
“Those need adjustments in Cash Book”

The background of the slide features a complex, semi-transparent graphic on the right side. It includes a large, multi-colored circular arrow (purple, blue, green, yellow, orange) pointing clockwise. Overlaid on this are various financial and technological icons: a pie chart, a bar chart, a calculator, and several stacks of coins. The overall theme is financial analysis and accounting.

Possible Reasons of Difference

- 
- The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with concentric rings in shades of blue, green, yellow, and orange. Overlaid on this are various geometric shapes, including a large purple arrow pointing upwards and to the right, and several smaller circular elements. The overall aesthetic is modern and data-oriented, with a light gray grid pattern visible in the background.
- 1. Adjusting items**
 - 2. Reconciling items**

Adjusting Items

Those need adjustments in cash book

a) <u>Not yet recorded in cash book</u> <u>Book</u>	<u>Effect in Cash</u>
• Credit transfers Dr	(collections)
• Direct debits Cr	(payments)
• Standing orders Cr	(payments)
• Bank charges Cr	(deductions)
• Interest on overdrawn balance Cr	(deductions)
• Deposited cheque returned Cr	(deductions)
b) <u>Mistakes committed in cash book</u>	
• Receipts side mistakenly overstated Cr	

Important Tips To Remember - ITTR

- 
- The background features a collage of financial and business-related icons. At the top right is a colorful circular graphic with concentric rings in shades of blue, green, yellow, and orange. Below it, there are faint, stylized representations of a bar chart, a line graph, and a calculator. At the bottom, several stacks of coins are visible. The overall theme is finance and accounting.
1. **Business accountant amends cash book for the mistakes or unrecorded financial information**
 2. **Cash book balance after the adjustments is presented in balance sheet**

Bank Reconciliation Statement

Possible Reasons of Differences

“Those need to be presented in BRS”

Possible Reasons of Difference

- 
- The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular chart with concentric rings in shades of blue, green, yellow, and orange. Overlaid on this are various geometric shapes, including a large purple arrow pointing upwards and to the right, and several smaller circular elements. The overall aesthetic is modern and data-oriented, with a light gray grid pattern visible in the background.
- 1. Adjusting items**
 - 2. Reconciling items**

Reconciling Items

Those need to be presented in BRS

- | | |
|---|-----------------------------|
| a) <u>Not yet recorded in the bank statement</u> | <u>Effect in BRS</u> |
| • A cheque from a customer recorded in cash book and also deposited but not yet collected by the bank | Cr |
| • Cheques paid to suppliers recorded in cash book but not yet presented to the bank for payment | Dr |
|
 | |
| b) <u>Mistakes committed in bank statement</u> | |
| • Wrongly debited/charged by the bank | Cr |
| • Wrongly credited by the bank | Dr |

Important Tips To Remember - ITTR

1. Uncollected cheques are also named as:

- a) uncleared cheque
- b) uncredited cheques
- c) uncleared lodgments
- d) deposits in transit and
- e) outstanding lodgments

2. Unpresented cheques are also named as:

- a) outstanding cheques
- b) uncashed cheques
- c) unpaid cheques

Bank Reconciliation Statement

**Practice:
Given – Both Balances**

The background of the slide features a complex, semi-transparent graphic on the right side. It includes a large, multi-colored circular arrow (purple, blue, green, yellow, orange) that appears to be part of a larger circular flow. Below this, there are several stacks of coins and a calculator. The overall theme is financial and accounting, with a focus on the process of bank reconciliation.

Practice 7.1

The balance as per Yasin Trader's cash book (bank column) Rs.4,500 does not agree with the balance as per bank statement Rs.7,700 on December 31, 20X9.

An investigation reveals following facts:

1. Cheques from customers of Rs.2,000 have been paid into the bank but have not yet been processed/cleared.
2. Cheques paid to suppliers of Rs.6,200 have not yet been presented to the bank for payment
3. The bank statement shows Rs.700 as bank charges that are yet to be recorded in the cash book.
4. A cheque for Rs.300 received from a customer has been returned dishonoured and could not be rectified in the cash book.

Practice 7.1 – Answer

Adjusted Cash Book (Bank Column)

Date	Receipts	Amount Rs.	Date	Payments	Amount Rs.
2009 Dec.31	Balance b/f (re-opened)	4,500	2009 Dec.31	Bank charges	700
				Cheques Dishonored	300
				Balance c/f	3,500
		<u>4,500</u>			<u>4,500</u>

Bank Reconciliation Statement As on December 31, 20X9

		Rs.
Balance as per Bank Statement (favorable)	Cr	7,700
Un-collected Cheques	Cr	2,000
Un-presented Cheques	Dr	<u>6,200</u>
Corrected Balance	Cr	<u>3,500</u>
Balance as per adjusted cash book (bank column)	Dr	3,500

Important Tips To Remember - ITTR

1. When both balances are given in a question then prepare BRS starting with balance as per bank statement
2. Never mix up adjusting and reconciling items in one statement, always prepare adjusted cash book and BRS separately.
3. Practice Dr. and Cr. for preparing BRS

Bank Reconciliation Statement

Practice:
Given – Previous BRS,
current cash book
and current bank
statement

The background of the slide features a complex, semi-transparent graphic. It includes a large, multi-colored circular arrow (yellow, orange, green, blue) in the upper right, a purple circular arrow in the lower right, and a grey calculator in the bottom right corner. The overall design is modern and financial in theme, with various geometric shapes and lines.

Practice 7.2

Following information relates to the bank balance of Sethi Industries for the month of June 20X9.

Bank Reconciliation Statement As on May 31, 20X9

	Rs.	Rs.
Balance as per Bank Statement		Cr. 5,000
Unpresented Cheques		
Rashid Kamal	1,700	
Asad Ali	<u>1,300</u>	Dr. 3,000
Uncollected Cheques		
Nauman Zikria	2,800	
Munir Ishaq	<u>1,200</u>	Cr. 4,000
		<u>Cr. 6,000</u>
Balance as per Cash Book		<u>Dr. 6,000</u>

Cash Book (Bank column)

Jun 20X9		Rs.	June 20X9		Rs.
1	Balance b/f	6,000	6	Fareed ud Din	800
2	Abbass Elahi	950	18	Rent	1,500
3	Bilal Mushtaq	450	20	Ghulam Abbas	1,400
10	Chiragh Din	2,000	27	Haider Ali	1,600
19	Dilnawaz khan	1,250	30	Ismail Rana	1,200
29	Elahi Buksh	850	30	Balance b/f	5,000
		11,500			11,500

Practice 7.2

Bank Statement June 1, 20X9 to June 30, 20X9

Jun 20X9		Dr. Rs.	Cr. Rs.	Balance Rs.
1	Balance b/f			Cr. 5,000
2	Nauman Zikria		2,800	7,800
3	Abbas Elahi		950	8,750
3	Munir Ishaq		1,200	9,950
5	Bilal Mushtaq		450	10,400
7	Fareed ud Din	800		9,600
13	Chiragh Din		2,000	11,600
13	Bank charges	20		11,580
19	Rent	1,500		10,080
22	Chamber of Commerce Subscription (Standing order)	3,000		7,080
25	Asad Ali	1,300		5,780
28	Credit transfer (Bad Debts recovered)		120	5,900
30	Electricity Bill (Direct Debit)	900		Cr. 5,000

Required:

- 1 Prepare adjusted Cash Book for June, 20X9
- 2 Prepare Bank Reconciliation Statement as on June 30, 20X9.
- 3 Pass adjusting entries in Journal of Sethi Industries.

Practice 7.2 – Answer

Adjusted Cash Book

Date	Particulars	Amount Rs.	Date	Particulars	Amount Rs.
20X9 June30	Balance b/f Credit transfer	5,000 120	20X9 June 30	Bank Charges Subscription chamber of Commerce (standing order)	20 3,000
				Electricity Bill (Direct debit) Balance c/f	900 1,200
		<u>5,120</u>			<u>5,120</u>

Practice 7.2 – Answer

Bank Reconciliation Statement As on June 30, 20X9

	Rs.	Rs.
Balance as per Bank Statement		Cr. 5,000
Uncollected Cheques:		
Dilnawaz Khan	1,250	
Elahi Buksh	<u>850</u>	Cr. 2,100
Unpresented Cheques:		
Rashid Kamal (May)	1,700	
Ghulam Abbas	1,400	
Haider Ali	1,600	
Ismail Rana	<u>1,200</u>	<u>Dr. 5,900</u>
		<u>Cr. 1,200</u>
Balance as per Adjusted Cash Book		<u><u>Dr. 1,200</u></u>

Practice 7.2 – Answer

Journal Entries

		Rs.	Rs.
1	Bank Charges A/c. Bank A/c.	20	20
2	Trade subscription A/c. Bank A/c.	3,000	3,000
3	Electricity Bill A/c. Bank A/c.	900	900
4	Bank A/c. Bad Debts recovered A/c.	120	120

Important Tips To Remember - ITTR

1. Items appearing in the Dr. side of Cash Book should appear in Cr. side of the Bank Statement and vice versa
2. Accounting entry is passed for each adjusting item

Bank Reconciliation Statement

Practice:
Given – Previous cash
book and current
bank statement

An abstract background graphic featuring a grid of squares, some of which are highlighted in light blue. Overlaid on this grid are several circular patterns, including a large, multi-colored spiral in the upper right and a smaller, multi-colored spiral in the lower right. A large, stylized, multi-colored arrow points from the bottom left towards the top right. In the bottom right corner, there is a small, stylized calculator icon. The overall color palette is dominated by light blues, greys, and various colors from the spirals and arrow.

Practice 7.3

Books of Mehran Bros. Cash Book (Bank Column)

Dr.			Cr.		
Dec. 20X8		Rs.	Dec. 20X8		Rs.
1	Balance b/f	760	3	Drawings	400

9	Ghazanfar	220			

Prepare a bank reconciliation statement as on December 31, 20X8 and compare the pattern of this question with the pattern of Practice 7.2.

Practice 7.3 – Answer

Bank Reconciliation Statement As on December 31, 20X8

	Rs.	Rs.
Balance as per Bank Statement on December 31, 20X8		Cr. 1,840
Uncollected Cheques:		
Bashir	600	
Ghazal	<u>360</u>	Cr. 960
Unpresented Cheques:		
Pervaiz	1,040	
Ghazanfar	<u>220</u>	<u>Dr. 1,260</u>
		<u>Cr. 1,540</u>
Balance as per Cash Book on December 31, 20X8		<u><u>Dr. 1,540</u></u>

Important Tips To Remember - ITTR

1. When only the balance as per bank statement is given; first prepare BRS to find out the balance as per adjusted cash book, place this balance in adjusted cash book as a closing balance and then find out the opening balance of cash book (through reverse working) that would be a balancing figure.
2. When only the balance as per cash book is given in the question then first prepare adjusted cash book and then prepare BRS starting with the balance as per adjusted cash book.

Bank Reconciliation Statement

The background of the slide features a complex, abstract design. It includes a large, faint circular pattern on the left side, resembling a spiral or a series of concentric circles. On the right side, there are several overlapping circular charts or pie charts in various colors (yellow, green, blue, red). There are also some smaller, less distinct charts and data points scattered throughout. The overall aesthetic is modern and financial, with a focus on data visualization.

Important Tips To Remember - ITTR

1. Practice
2. Practice
3. Practice

The background features a stylized, semi-transparent graphic on the right side. It includes a circular chart with concentric rings in yellow, green, and blue at the top right. Below it is a 3D pie chart with segments in purple, blue, and orange, labeled with 'Q3' and '5%'. At the bottom right, there is a calculator icon. Scattered throughout the background are various geometric shapes, including cubes and circles, and a series of dotted lines forming a spiral pattern.

Chapter - 8

Accrual Accounting

MGT 101

Financial Accounting

By
Mian Ahmad Farhan, FCA

Contents

Sr. No	Course Outline Topics
1	Basic Concepts of Accruals based Accounting
2	Technique for calculating expense for the year
3	Technique for calculating income for the year
4	One and two account method approach - Expense in arrear
5	One and two account method approach - Expense in advance
6	Accrued Income
7	Advance Income
8	Diagrammatic understanding of Accruals and Prepayments
9	Adjusting and Closing entries

Accrual Accounting

**Basic Concept of
Accrual Based
Accounting**

The background features a complex, abstract graphic on the right side. It includes a large, multi-colored circular arrow (rainbow) in the upper right, a purple and orange circular arrow in the middle right, and a grey calculator in the lower right. There are also several stacks of grey coins at the bottom right. The entire graphic is overlaid with a grid of small grey squares and dotted lines, creating a sense of depth and movement.

Cash Basis of Accounting

Two bases to present financial performance of an entity:

- 1) Cash basis and
- 2) Accrual basis

Conventionally, small business entities prepare financial statements on

“Cash Basis”

- Very easy to handle
- Less costly
- No complex accounting system is required to be developed and implemented

Accrual Basis of Accounting

Entities of considerable size follow “*Accrual Basis*”

- Little complex
- More cost and efforts are required to report financial performance
- It establishes control over trade receivables and payables through a designed system

Examples – Accrual based accounting

Example – 1

Electricity bill for the last quarter (October – December) was not paid until the end of reporting period 31st December 20X9.

Under the cash-based accounting; the unpaid utility bill will not be recognized as expense in the accounting year 20X9. It will be recognized as expense for the year 20Y0 upon payment.

Under the accrual-based accounting; the unpaid utility expense will be recognized as expense in the accounting year 20X9 along with a liability that will be paid in 20Y0.

Example – 2

Insurance paid in advance for the year 20X9 on 1st November 20X8

Under the cash-based accounting; the payment will be recorded as expense as soon as cash is paid to insurance company on 1st November 20X8

Under the accrual-based accounting; the payment of insurance will be recorded in the year 20X8 as “prepayment or paid in advance” which shall be recognized as asset and then in the year 20X9 it will be recorded as expense, to which it belongs to.

Important Tips To Remember - ITTR

1. **Accrual concept**
gives basis to
measure incomes
and expenses for an
accounting period
2. **Accrued concept**
cover
 - a. **Accrued income**
 - b. **Unearned income**
 - c. **Accrued expense**
 - d. **Unexpired expense**

Accrual Accounting

**Technique/Formula
for calculating
expense for the year**

The background of the slide features a faint, stylized illustration of a city skyline. Overlaid on this is a large, multi-colored circular arrow that curves around the text. In the bottom right corner, there is a small, detailed illustration of a calculator. The overall design is modern and professional, using a blue header and a light gray background.

Technique/Formula for Expenses

Expenses with closing balances of: accrued expense due and advance payment / prepayment

Expenses paid in cashCash Book

Add Closing accrued/due Liability

Less Closing advance/prepayment Asset

Expenses for the year Income Statement

Expenses with opening and closing balances of: accrued expense due and advance payment / prepayment

Expenses paid in cashCash Book

Add Closing accrued/due Liability

Less Opening accrued/due Previous Liability

Less Closing advance/prepayment Asset

Add Opening advance/prepayment Previous Asset

Expenses for the year Income Statement

Practice 8.1

Cash paid for rent expense during the year Rs.7,000, opening balance of expense due was Rs.250 and opening balance of prepaid expenses was Rs.400, on closing date expense still due is Rs.300 and prepaid expense is Rs.700

Prepare:

1. Rent Expense a/c
2. Accrued expense a/c
3. Prepaid expense a/c

Answer – Practice 8.1

Expense account

Particular	Debit Rs.	Particulars	Credit Rs.
Op. Advance	400	Op. Owing	250
Cash Paid	7,000	Cl. Advance	700
Cl. Owing	300	Profit & Loss (balancing figure)	6,750
	<u>7,700</u>		<u>7,700</u>

Accrued (Due) Expenses account

Particular	Rs.	Particulars	Rs.
Op Bal transferred to Exp. A/c	250	Balance b/f	250
Balance c/f	300	Cl owing charged to Exp. a/c	300
	<u>550</u>		<u>550</u>

Prepaid (Advance) Expenses account

Particular	Rs.	Particulars	Rs.
Balance b/f	400	Op Balance Charged to Exp. a/c	400
Cl Adv transferred from Exp. a/c	700	Balance c/f	700
	<u>1100</u>		<u>1100</u>

Important Tips To Remember - ITTR

- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a large, multi-colored circular graphic resembling a target or a pie chart in the upper right, and several stacks of coins at the bottom. A large, light-colored arrow points from the bottom left towards the top right, passing behind the list of tips.
1. **Cash paid during the year is different from Expense for the year**
 2. **Expense is measured based on its belongingness to the reporting period**
 3. **+ Closing Due – Opening Due**
 4. **+ Opening prepaid – Closing prepaid**

Accrual Accounting

**Technique/Formula
for calculating Income
for the year**

The background of the slide features a stylized, semi-transparent illustration. It includes a city skyline with various building shapes. A large, multi-colored circular arrow (in shades of orange, yellow, green, and blue) curves around the right side of the text. In the bottom right corner, there is a small, detailed illustration of a calculator. The overall aesthetic is modern and business-oriented.

Technique/Formula for Incomes

Incomes with closing balances of: accrued income due and advance recieved / unearned

Income received in cash Cash Book

Add Closing accrued/due Asset

Less Closing advance/unearned Liability

Incomes for the year Income Statement

Incomes with opening and closing balances of: accrued income due and advance received / unearned

Income received in cash Cash Book

Add Closing accrued/due Asset

Less Opening accrued/due Previous Asset

Less Closing advance/unearned Liability

Add Opening advance/unearned Previous Liability

Income for the year Income Statement

Practice 8.2

Rent Income received during the year Rs.3,000, opening balance of income due was Rs.150 and opening balance of unearned income was Rs.500, on closing date income still due is Rs.70 and unearned income on closing date is Rs.50.

Prepare:

- 1. Rent Income a/c**
- 2. Accrued income a/c**
- 3. Unearned income a/c**

Answer – Practice 8.2

Income Account

Particular	Debit Rs.	Particulars	Credit Rs.
Opening Owing	150	Opening Advance	500
Closing Advance	50	Cash Received	3,000
Profit & Loss (balancing figure)	3,370	Closing Owing	70
	<u>3,570</u>		<u>3,570</u>

Accrued (Due) Income Account

Particular	Rs.	Particulars	Rs.
Balance b/f	150	Op Bal transferred to Income a/c	150
Cl Bal transferred from Income a/c	70	Balance c/f	70
	<u>220</u>		<u>220</u>

Unearned (Advance) Income Account

Particular	Rs.	Particulars	Rs.
Op Bal transferred to Income A/c.	500	Balance b/f	500
Balance c/f	50	Cl Bal transferred from Income a/c	50
	<u>550</u>		<u>550</u>

Important Tips To Remember - ITTR

- 
- The background of the slide features a faint, stylized illustration of financial concepts. It includes a pie chart with multiple colored segments, a line graph with data points, and several stacks of coins at the bottom. The overall theme is financial analysis and accounting.
1. Cash received during the year for an income is different from Income for the year
 2. Income is measured based on its belongingness to the reporting period
 3. + Closing Due – Opening Due
 4. + Opening prepaid – Closing prepaid

Accrual Accounting

The background features a collage of financial and business-related icons. At the top right is a colorful circular target or bullseye graphic. Below it, there are faint, overlapping images of a laptop screen displaying a bar chart, a calculator, and several stacks of coins. The overall theme is financial accounting and business operations.

Accrued Expense
Outstanding Expense
Expense in Arrear
Expense Due
Expense Owing
Expense Not Yet Paid
Expense Payable

One Account Method for Expenses

Only one ledger account is prepared for measuring expense and for its reciprocal payable

Practice 8.3

Rent is paid quarterly in arrear

Reporting Period is 12 months (Jan 1, 20X8 to Dec 31, 20X8)

Payment Date	Payment Period	Amount (Rs.)
Jan 31, 20X8	Nov X7, Dec X7, Jan X8	9,000
Apr 30, 20X8	Feb X8, March X8, Apr X8	9,500
July 31, 20X8	May X8, June X8, July X8	10,000
Oct 31, 20X8	Aug X8, Sep X8, Oct X8	10,000
Jan 31, 20X9	Nov X8, Dec X8, Jan X9	10,500

Answer - Practice 8.3

		Rs.
Cash paid during the year	(W-3) – 1st Jan X8 to 31st Dec X8	38,500
Less: Opening Accrual	(W - 1) – Nov X7 and Dec X7	(6,000)
Add: Closing Accruals	(W - 2) – Nov X8 and Dec X8	<u>7,000</u>
Expense for the year		<u><u>39,500</u></u>

$$\text{W - 1: Opening Accruals} = 9,000 \times \frac{2}{3} = 6,000$$

$$\text{W - 2: Closing Accruals} = 10,500 \times \frac{2}{3} = 7,000$$

$$\text{W - 3: Cash paid} = 9,000 + 9,500 + 10,000 + 10,000 = 38,500$$

Answer - Practice 8.3

One Account Method:

Rent Payable A/c.

	Rs.		Rs.
Cash paid	38,500	Opening rent payable balance b/f	6,000
Closing rent payable balance c/f	7,000	Profit & Loss (balancing figure)	39,500
	<u>45,500</u>		<u>45,500</u>

Accounting Entries

Particulars	Debit Rs.	Credit Rs.
Rent Payable A/c.	38,500	
Cash A/c.		38,500
(Rent paid in cash)		
Profit & Loss A/c.	39,500	
Rent Payable A/c.		39,500
(Closing entry for rent expense – Closed into Income Statement)		

Two Account Method for Expenses

**Two ledger accounts
are prepared for
measuring expense
and for its reciprocal
payable**

The background of the slide features a complex, abstract graphic. It includes a large, multi-colored circular shape in the upper right, resembling a stylized eye or a target. Below this, there are several overlapping geometric shapes, including a large pink arrow pointing upwards and to the right. In the bottom right corner, there is a detailed illustration of a calculator and several stacks of coins. The overall design is modern and technical, with a focus on financial and accounting themes.

Practice 8.4

Rent is paid quarterly in arrear

Reporting Period is 12 months (Jan 1, 20X8 to Dec 31, 20X8)

Payment Date	Payment Period	Amount (Rs.)
Jan 31, 20X8	Nov X7, Dec X7, Jan X8	9,000
Apr 30, 20X8	Feb X8, March X8, Apr X8	9,500
July 31, 20X8	May X8, June X8, July X8	10,000
Oct 31, 20X8	Aug X8, Sep X8, Oct X8	10,000
Jan 31, 20X9	Nov X8, Dec X8, Jan X9	10,500

Answer - Practice 8.4

		Rs.
Cash paid during the year	(W-3) – 1st Jan X8 to 31st Dec X8	38,500
Less: Opening Accrual	(W - 1) – Nov X7 and Dec X7	(6,000)
Add: Closing Accruals	(W - 2) – Nov X8 and Dec X8	<u>7,000</u>
Expense for the year		<u><u>39,500</u></u>

$$\underline{\text{W - 1:}} \quad \text{Opening Accruals} \quad = \quad 9,000 \times \frac{2}{3} = 6,000$$

$$\underline{\text{W - 2:}} \quad \text{Closing Accruals} \quad = \quad 10,500 \times \frac{2}{3} = 7,000$$

$$\underline{\text{W - 3:}} \quad \text{Cash paid} \quad = \quad 9,000 + 9,500 + 10,000 + 10,000 = 38,500$$

Answer - Practice 8.4

Two Account Method

Rent Payable A/c.

	Rs.		Rs.
Rent expense	6,000	Opening rent payable balance b/f	6,000
Closing rent payable balance c/f	<u>7,000</u>	Rent expense	<u>7,000</u>
	<u>13,000</u>		<u>13,000</u>

Rent Expense A/c.

	Rs.		Rs.
Cash paid	38,500	Rent Payable (Opening balance)	6,000
Rent Payable (Closing balance)	<u>7,000</u>	Profit & Loss (balancing figure)	<u>39,500</u>
	<u>45,500</u>		<u>45,500</u>

Answer - Practice 8.4

Accounting Entries

Particulars	Debit Rs.	Credit Rs.
Rent Expense A/c. Cash A/c. (Rent paid in cash)	38,500	38,500
Rent Payable A/c. Rent Expense A/c. (Opening balance rent due transferred)	6,000	6,000
Rent expense A/c. Rent Payable A/c. (Rent of current year is still due.)	7,000	7,000
Profit & Loss A/c. Rent Expense A/c. (Closing entry for rent expense – Closed into Income Statement)	39,500	39,500

Important Tips To Remember - ITTR

One Account Method

1. Separate ledger account for expense is not maintained
2. Balancing figure is closed to Income Statement
3. Closing balance is presented in Balance Sheet

Important Tips To Remember - ITTR

Two Account Method

1. Opening balance b/f and Closing balance c/f appears in payable account
2. Expense account is closed into Income Statement

Accrual Accounting

Advance Expense
Prepaid Expense
Unexpired Expense

One Account Method for Expenses

Only one ledger account is prepared for measuring expense and for its reciprocal asset

Practice 8.5

Rent is paid quarterly in advance

Reporting Period is 12 months (Jan 1, 20X9 to Dec 31,20X9)

Payment Date	Payment Period	Amount (Rs.)
Nov. 1, 20X8	Nov X8, Dec X8, Jan X9	9,000
Feb. 1, 20X9	Feb X9, Mar X9, Apr X9	9,500
May 1, 20X9	May X9, June X9, Jul X9	10,000
Aug. 1, 20X9	Aug X9, Sep X9, Oct X9	10,000
Nov. 1, 20X9	Nov X9, Dec X9, Jan Y0	10,500

Answer - Practice 8.5

		Rs.
Cash paid during the year	(W-3) – 1ST Jan 20X9 to 31st Dec 20X9	40,000
Add: Opening Advance	(W - 1) – Jan 20X9	3,000
Less: Closing Advance	(W - 2) – Jan 20Y0	<u>(3,500)</u>
Expense for the year		<u><u>39,500</u></u>

W – 1: Opening Advance = $9,000 \times \frac{1}{3} = 3,000$

W – 2: Closing Advance = $10,500 \times \frac{1}{3} = 3,500$

W – 3: Cash paid = $9,500 + 10,000 + 10,000 + 10,500 = 40,000$

Answer - Practice 8.5

One Account Method:

Prepaid (Advance) Rent A/c.

	Rs.		Rs.
Opening prepaid rent balance b/f	3,000	Profit & Loss (balancing figure)	39,500
Cash paid	<u>40,000</u>	Closing prepaid rent balance c/f	<u>3,500</u>
	<u>43,000</u>		<u>43,000</u>

Particulars	Debit Rs.	Credit Rs.
Prepaid (Advance) Rent A/c.	40,000	
Cash A/c.		40,000
(Rent paid in cash)		
Profit & Loss A/c.	39,500	
Prepaid (Advance) Rent A/c.		39,500
(Closing entry for rent expense – Closed into Income Statement)		

Important Tips To Remember - ITTR

- 
- The background of the slide features a collage of financial and business-related icons. These include a large, multi-colored circular graphic resembling a target or a stylized 'O' in the upper right, a pie chart with a pink slice in the middle right, a calculator in the lower right, and several stacks of coins at the bottom. Faint, dotted lines and other abstract shapes are scattered throughout the background, creating a complex, layered effect.
1. **Separate ledger account for expense is not maintained**
 2. **Balancing figure is closed to Income Statement**
 3. **Closing balance is presented in Balance Sheet**

Two Account Method for Expenses

**Two ledger accounts
are prepared for
measuring expense
and for its reciprocal
asset**

The background features a complex, abstract graphic. It includes a large, multi-colored circular arrow (yellow, green, blue, orange) in the upper right. Below it is a purple circular arrow. In the lower right, there is a calculator icon and several stacks of coins. The entire graphic is overlaid with a grid of dots and lines, creating a sense of depth and movement.

Practice 8.6

Rent is paid quarterly in advance

Reporting Period is 12 months (Jan 1, 20X9 to Dec 31,20X9)

Payment Date	Payment Period	Amount (Rs.)
Nov. 1, 20X8	Nov X8, Dec X8, Jan X9	9,000
Feb. 1, 20X9	Feb X9, Mar X9, Apr X9	9,500
May 1, 20X9	May X9, June X9, Jul X9	10,000
Aug. 1, 20X9	Aug X9, Sep X9, Oct X9	10,000
Nov. 1, 20X9	Nov X9, Dec X9, Jan Y0	10,500

Answer - Practice 8.6

		Rs.
Cash paid during the year	(W-3) – 1ST Jan 20X9 to 31st Dec 20X9	40,000
Add: Opening Advance	(W - 1) – Jan 20X9	3,000
Less: Closing Advance	(W - 2) – Jan 20Y0	<u>(3,500)</u>
Expense for the year		<u><u>39,500</u></u>

W – 1: Opening Advance = $9,000 \times \frac{1}{3} = 3,000$

W – 2: Closing Advance = $10,500 \times \frac{1}{3} = 3,500$

W – 3: Cash paid = $9,500 + 10,000 + 10,000 + 10,500 = 40,000$

Answer - Practice 8.6

Two Account Method

Advance Rent A/c.

	Rs		Rs.
Balance b/f	3,000	Rent Expense	3,000
Rent Expense	<u>3,500</u>	Balance c/f	<u>3,500</u>
	<u>6,500</u>		<u>6,500</u>

Rent Expense A/c.

	Rs		Rs.
Opening advance rent	3,000	Closing advance rent	3,500
Cash paid	<u>40,000</u>	Income statement	<u>39,500</u>
	<u>43,000</u>		<u>43,000</u>

Answer - Practice 8.6

Accounting Entries

Particulars	Debit Rs.	Credit Rs.
Rent Expense A/c. Cash A/c. (Rent paid in cash.)	40,000	40,000
Rent Expense A/c. Advance Rent A/c. (Opening balance of advance rent transferred)	3,000	3,000
Advance Rent A/c. Rent Expense A/c. (Rent paid in advance transferred from rent Expense)	3,500	3,500
Income Statement A/c. Rent Expense A/c. (Closing entry for rent expense.)	39,500	39,500

Important Tips To Remember - ITTR

- 
- The background features a collage of financial and business-related icons. It includes a large, multi-colored circular arrow pointing clockwise, a pie chart with various colored segments, a line graph with data points, a calculator, and several stacks of coins. The overall theme is financial accounting or business management.
1. **Opening balance b/f and Closing balance c/f appears in prepaid account.**
 2. **Expense account is closed into Income Statement**

Accrual Accounting

The background of the slide features a collage of financial and business-related icons. These include a magnifying glass with a colorful circular lens, a pie chart with various colored segments, a line graph with data points, a calculator, and several stacks of coins. The overall theme is financial accounting and analysis.

Accrued Income
Outstanding Income
Income in Arrear
Income Due
Income Owing
Income Not Yet Received
Income Receivable

One Account Method for Income

Only one ledger account is prepared for measuring income and for its reciprocal receivable

Practice 8.5

Rent is received quarterly in arrear

Reporting Period is 12 months (Jan 1, 20X8 to Dec 31, 20X8)

Receipt Date	Receipt Period	Amount (Rs.)
Jan 31, 20X8	Nov X7, Dec X7, Jan X8	9,000
Apr 30, 20X8	Feb X8, March X8, Apr X8	9,500
July 31, 20X8	May X8, June X8, July X8	10,000
Oct 31, 20X8	Aug X8, Sep X8, Oct X8	10,000
Jan 31, 20X9	Nov X8, Dec X8, Jan X9	10,500

Answer - Practice 8.5

		Rs.
Cash received during the year	(W-3) – 1st Jan X8 to 31st Dec X8	38,500
Less: Opening Accrual	(W - 1) – Nov X7 and Dec X7	(6,000)
Add: Closing Accrual	(W - 2) – Nov X8 and Dec X8	<u>7,000</u>
Income for the year		<u><u>39,500</u></u>

W – 1: Opening Accruals = $9,000 \times \frac{2}{3} = 6,000$

W – 2: Closing Accruals = $10,500 \times \frac{2}{3} = 7,000$

W – 3: Cash paid = $9,000 + 9,500 + 10,000 + 10,000 = 38,500$

Answer - Practice 8.5

One Account Method:

Rent Receivable A/c.

	Rs.		Rs.
Opening rent receivable balance b/f	6,000	Cash received	38,500
Profit & Loss (balancing figure)	39,500	Closing rent receivable balance c/f	7,000
	<u>45,500</u>		<u>45,500</u>

Accounting Entries

Particulars	Debit Rs.	Credit Rs.
Cash A/c.	38,500	
Rent receivable A/c.		38,500
(Rent received in cash)		
Rent receivable A/c.	39,500	
Profit & Loss A/c.		39,500
(Closing entry for rent income – Closed into Income Statement)		

Two Account Method for Incomes

**Two ledger accounts
are prepared for
measuring income and
for its reciprocal
receivable**

Practice 8.6

Rent is received quarterly in arrear

Reporting Period is 12 months (Jan 1, 20X8 to Dec 31, 20X8)

Receipt Date	Receipt Period	Amount (Rs.)
Jan 31, 20X8	Nov X7, Dec X7, Jan X8	9,000
Apr 30, 20X8	Feb X8, March X8, Apr X8	9,500
July 31, 20X8	May X8, June X8, July X8	10,000
Oct 31, 20X8	Aug X8, Sep X8, Oct X8	10,000
Jan 31, 20X9	Nov X8, Dec X8, Jan X9	10,500

Answer - Practice 8.6

		Rs.
Cash received during the year	(W-3) – 1st Jan X8 to 31st Dec X8	38,500
Less: Opening Accrual	(W - 1) – Nov X7 and Dec X7	(6,000)
Add: Closing Accrual	(W - 2) – Nov X8 and Dec X8	<u>7,000</u>
Income for the year		<u><u>39,500</u></u>

W – 1: Opening Accruals = $9,000 \times \frac{2}{3} = 6,000$

W – 2: Closing Accruals = $10,500 \times \frac{2}{3} = 7,000$

W – 3: Cash paid = $9,000 + 9,500 + 10,000 + 10,000 = 38,500$

Answer - Practice 8.6

Two Account Method

Rent Receivable A/c.

	Rs.		Rs.
Opening rent receivable balance b/f	6,000	Rent income	6,000
Rent income	<u>7,000</u>	Closing rent receivable balance c/f	<u>7,000</u>
	<u>13,000</u>		<u>13,000</u>

Rent Income A/c.

Rent receivable opening	6,000	Cash received	38,500
Profit & Loss (balancing figure)	<u>39,500</u>	Rent receivable closing	<u>39,500</u>
	<u>45,500</u>		<u>45,500</u>

Answer - Practice 8.6

Accounting Entries

Particulars	Debit Rs.	Credit Rs.
Cash A/c. Rent income A/c. (Rent received in cash)	38,500	38,500
Rent Income A/c. Rent Receivable A/c. (Opening balance rent due transferred)	6,000	6,000
Rent Receivable A/c. Rent Income A/c. (Rent of current year is still due.)	7,000	7,000
Rent Income A/c. Profit & Loss A/c. (Closing entry for rent income – Closed into Income Statement)	39,500	39,500

Important Tips To Remember - ITTR

One Account Method

1. Separate ledger account for income is not maintained
2. Balancing figure is closed to Income Statement
3. Closing balance is presented in Balance Sheet

Important Tips To Remember - ITTR

Two Account Method

1. Opening balance b/f and Closing balance c/f appears in receivable account
2. Income account is closed into Income Statement

Accrual Accounting

Advance Income
Unearned Income

The background of the slide features a complex, abstract illustration. It includes a large, multi-colored circular graphic resembling a target or a stylized eye in the upper right. Below this, there are several curved, overlapping shapes in shades of purple, pink, and blue. In the lower right corner, there is a detailed illustration of a calculator. The entire background is composed of various geometric shapes, lines, and dots, creating a sense of depth and complexity.

One Account Method for Income

Only one ledger account is prepared for measuring income and for its reciprocal liability

Practice 8.7

Rent is received quarterly in advance

Reporting Period is 12 months (Jan 1, 20X9 to Dec 31,20X9)

Receipt Date	Receipt Period	Amount (Rs.)
Nov. 1, 20X8	Nov X8, Dec X8, Jan X9	9,000
Feb. 1, 20X9	Feb X9, Mar X9, Apr X9	9,500
May 1, 20X9	May X9, June X9, Jul X9	10,000
Aug. 1, 20X9	Aug X9, Sep X9, Oct X9	10,000
Nov. 1, 20X9	Nov X9, Dec X9, Jan Y0	10,500

Answer - Practice 8.7

		Rs.
Cash received during the year	(W-3) – 1ST Jan 20X9 to 31st Dec 20X9	40,000
Add: Opening Advance	(W - 1) – Jan 20X9	3,000
Less: Closing Advance	(W - 2) – Jan 20Y0	<u>(3,500)</u>
Income for the year		<u>39,500</u>

$$\text{W-1:} \quad \text{Opening Advance} = 9,000 \times \frac{1}{3} = 3,000$$

$$\text{W-2:} \quad \text{Closing Advance} = 10,500 \times \frac{1}{3} = 3,500$$

$$\text{W-3:} \quad \text{Cash Received} = 9,500 + 10,000 + 10,000 + 10,500 = 40,000$$

Answer - Practice 8.7

One Account Method:

Unearned (Advance) Rent A/c.

	Rs.		Rs.
Profit & Loss (balancing figure)	39,500	Opening advance rent b/f	3,000
Closing Advance rent c/f	<u>3,500</u>	Cash Received	<u>40,000</u>
	<u>43,000</u>		<u>43,000</u>

Particulars	Debit Rs.	Credit Rs.
Cash A/c.	40,000	
Unearned (Advance) Rent A/c.		40,000
(Rent received in cash)		
Unearned (Advance) Rent A/c.	39,500	
Profit & Loss A/c.		39,500
(Closing entry for rent income – Closed into Income Statement)		

Two Account Method for Incomes

**Two ledger accounts
are prepared for
measuring income and
for its reciprocal
liability**

Practice 8.8

Rent is received quarterly in advance

Reporting Period is 12 months (Jan 1, 20X9 to Dec 31,20X9)

Receipt Date	Receipt Period	Amount (Rs.)
Nov. 1, 20X8	Nov X8, Dec X8, Jan X9	9,000
Feb. 1, 20X9	Feb X9, Mar X9, Apr X9	9,500
May 1, 20X9	May X9, June X9, Jul X9	10,000
Aug. 1, 20X9	Aug X9, Sep X9, Oct X9	10,000
Nov. 1, 20X9	Nov X9, Dec X9, Jan Y0	10,500

Answer - Practice 8.8

		Rs.
Cash received during the year	(W-3) – 1ST Jan 20X9 to 31st Dec 20X9	40,000
Add: Opening Advance	(W - 1) – Jan 20X9	3,000
Less: Closing Advance	(W - 2) – Jan 20Y0	<u>(3,500)</u>
Income for the year		<u>39,500</u>

$$\text{W-1:} \quad \text{Opening Advance} = 9,000 \times \frac{1}{3} = 3,000$$

$$\text{W-2:} \quad \text{Closing Advance} = 10,500 \times \frac{1}{3} = 3,500$$

$$\text{W-3:} \quad \text{Cash Received} = 9,500 + 10,000 + 10,000 + 10,500 = 40,000$$

Answer - Practice 8.8

Two Account Method

Advance Rent A/c.

	Rs		Rs.
Rent Income A/c	3,000	Balance b/f	3,000

Advance Rent A/c. Rent Income A/c. (Opening balance of advance rent transferred)	3,000	3,000
Rent Income A/c. Advance Rent A/c. (Rent received in advance transferred from rent Income)	3,500	3,500
Rent Income A/c. Profit & Loss A/c. (Closing entry for rent income)	39,500	39,500

Important Tips To Remember - ITTR

One Account Method

1. Separate ledger account for income is not maintained
2. Balancing figure is closed to Income Statement
3. Closing balance is presented in Balance Sheet

Important Tips To Remember - ITTR

Two Account Method

1. Opening balance b/f and Closing balance c/f appears in Advance Rent account.
2. Income account is closed into Income Statement

Accrual Accounting

**Diagrammatic
Understanding of
Accrual Concept**

The background of the slide is a light gray 3D grid of cubes. Overlaid on this grid are several elements: a large, multi-colored circular arrow (yellow, orange, green, blue) in the upper right; a purple and pink curved arrow in the lower right; a calculator icon in the bottom right corner; and several stacks of gray coins at the bottom. Faint dotted lines and a small '5%' label are also visible within the grid.

Diagrammatic Presentation

Practice 8.9

YEAR 1

- Yasin sets up a business on 1st January year 1 with 31st December as end of reporting period
- He acquires a telephone connection on 1st February and agrees to pay bill quarterly (3 months) in arrear
- Year 1 invoices are paid as follows:
 - 3 months ending 30th April year 1 Rs.5,000
 - 3 months ending 31st July year 1 Rs.7,500
 - 3 months ending 31st October year 1 Rs.8,500
- The invoice for 31st January year 2 Rs.9,000

Practice 8.9

Rs.9,000 will be paid in next year out of which Rs.6,000 relates to the current reporting period and is accrued/due on reporting date 31st Dec Year 1.

Practice 8.9

YEAR 2

- Year 2 invoices are paid as follows:
 - 3 months ending 31st January year 2 Rs.9,000
 - 3 months ending 30th April year 2 Rs.9,500
 - 3 months ending 31st July year 2 Rs.10,000
 - 3 months ending 31st October year 2 Rs.10,000
- The invoice for 31st January year 3 Rs.10,500

Practice 8.9

Telephone Expense for the year ending on 31st Dec. Year 2 = 3,000 + 9,500 + 10,000 + 10,000 + 7,000 = Rs.39,500

Rs.10,500 will be paid in next year out of which Rs.7,000 relates to the current reporting period and is accrued/due on reporting date 31st Dec Year 2.

Answer – Practice 8.9

Provision for Bad and Doubtful Debts

**Basic Concept of
Bad and Doubtful
Debts**

The background of the slide features a stylized, semi-transparent illustration. It includes a city skyline with various buildings, a large magnifying glass with a colorful, multi-layered lens, and several stacks of coins. A calculator is also visible in the lower right corner. The overall theme is financial and accounting, complementing the title of the slide.

Bad and Doubtful Debts

Bad Debts / Irrecoverable Debts are the accounts receivables (Debtors) that an entity will never be able to collect

Doubtful Debts are the accounts receivables (Debtors) where there is a high risk that it will not be recovered

Accounting Effects

1. Debtors written off as bad debts

Bad Debts A/c. Dr
Debtors' A/c. Cr

2. Creating provision for doubtful debts

Bad Debts A/c. Dr
Provision for DD A/c. Cr

3. Increase in provision for doubtful debts

Bad Debts A/c. Dr
Provision for DD A/c. Cr

4. Decrease in provision for doubtful debts

Provision for DD A/c. Dr

Bad Debts A/c. Cr

5. Bad debts recovered

Bank A/c. Dr
Bad Debts Recovered A/c. Cr

6. Discount allowed to Debtors.

Discount Allowed A/c. Dr
Debtors' A/c. Cr

7. Creating provision for discount on debts.

Discount Allowed A/c. Dr
Provision for discount A/c. Cr

Important Tips To Remember - ITTR

1. **Bad Debts and Discount Allowed are loss for the business entity, these belong to main head “Expense”**
2. **Provision for Doubtful Debts is contra to Asset, hence Cr. in nature**
3. **Bad Debts Recovered is not “Income”. It is reduction in “Expense”**

Provision for Bad and Doubtful Debts

**Measurement of
Provision for
Doubtful Debts**

**(Specific &
General Provision)**

Measurement Bases

- 
- The background features a collage of financial and business-related icons. At the top right is a colorful circular chart with concentric rings in shades of blue, green, yellow, and orange. Below it is a purple pie chart with a pink arrow pointing towards it. In the bottom right corner, there is a calculator icon. The bottom of the image shows several stacks of coins. Faint, dotted lines and a grid pattern are also visible across the background.
- 1. Specific and general provision based on Expected Credit Losses**
 - 2. Past due / age based analysis**

Specific and General Provision

Provision for doubtful debts based on specifically doubtful debtors

Sum of specific and general provision is the c/f balance of Provision for Doubtful Debts a/c, which is then compared with opening balance of the provision a/c for increase/decrease to be adjusted in Bad Debts account.

Practice 9.1

Closing balance of Debtors is Rs.80,000 out of which:

- **One of the debtors Mr. Fill owing Rs.6,000 is also a creditor to whom entity owes Rs.7,500 (he is considered as a good debtor);**
- **One of the debtors Mr. Kill owing Rs.10,000 is specifically doubtful and 75% is expected recovery from his estate as final dividend;**
- **One of the debtors Miss Hill owing Rs.6,000 is expected to be doubtful at 50%;**
- **One of the debtors Mr. Bill owing Rs.8,000 is expected to be doubtful @ 75%;**
- **Generally, provision for doubtful debts is estimated @ 5% of the debtors' balance.**

Calculate provision for doubtful debts against debtors of Rs.80,000 and pass accounting entry for increase in provision assuming that opening balance for provision for doubtful debt at the beginning of reporting period was Rs.10,000.

Answer – Practice 9.1

	Rs.	Rs.		
Good Debtor Mr. Fill		6,000 x 0%	=	zero
Specific Debtor				
Mr. Kill		10,000 x 25%	=	2,500
Miss. Hill		6,000 x 50%	=	3,000
Mr. Bill		8,000 x 75%	=	6,000
General Debtors		50,000 x 5%	=	2,500
(remaining balance; 80,000 – 30,000)				

Closing Balance of Debtors 80,000 14,000

Opening Balance of Provision for Doubtful Debts	10,000
Closing Balance of Provision for Doubtful Debts	14,000
Increase in Provision for Doubtful Debts	4,000

Bad Debts A/c.	Dr 4,000	
<u>Provision for Doubtful Debts A/c.</u>		<u>Cr 4,000</u>

Important Tips To Remember - ITTR

1. Subtract good debtors from c/f balance of debtors before calculating amount of provision
 2. Sum of specific and general provision gives c/f balance of provision
- 
- A background graphic featuring various financial and business-related icons. It includes a large, colorful circular arrow (representing a cycle or process) in the upper right, a stack of coins at the bottom, and a calculator on the right side. The overall theme is financial management and accounting.

Provision for Bad and Doubtful Debts

**Measurement of
Provision for
Doubtful Debts**

**(Age Based
Provision)**

Measurement Bases

1. **Specific and general provision based on Expected Credit Losses**
 2. **Past due / age based analysis**
- 
- A faint, stylized background graphic on the right side of the slide. It features a large, multi-colored circular arrow (green, yellow, orange, red) pointing clockwise. Below it, there are several grey 3D coins or tokens. To the right, there is a faint outline of a laptop screen displaying a bar chart. The overall theme is financial and analytical.

Aging Based Provision

- **Closing balance of debtors is analyzed in terms of age of each customer.**
 - **Recovery from older balances is considered more risky.**
- 
- A background graphic featuring a large, faint, stylized number '1' on the left. To the right of the '1' are various financial and business-related icons, including a pie chart, a bar chart, a calculator, and several stacks of coins. The entire graphic is rendered in a light, semi-transparent style against a white background.

Practice 9.2

Analysis of closing balance of Debtors shows following facts:

<u>Balance Due:</u>	<u>Rs. Rate & Amount of Provision</u>	
For less than 30 days	90,000 x	0% Rs. 0
For more than 30 days but less than 60 days	60,000 x	5% Rs. 3,000
For more than 60 days but less than 90 days	50,000 x	7% Rs. 3,500
For more than 90 days	20,000 x	10% Rs. 2,000
<u>Closing Balance</u>		
<u>Debtors and Provision</u>	<u>Rs. 220,000</u>	<u>Rs. 8,500</u>

Practice 9.2

Opening Balance of Provision for Doubtful Debts Rs. 9,800
Closing Balance of Provision for Doubtful Debts Rs. 8,500
Decrease in Provision for Doubtful Debts Rs. 1,300

Provision for doubtful debts A/c. Dr 1,300
 Bad Debts A/c. Cr 1,300

Important Tips To Remember - ITTR

1. Closing balance of debtors is classified on “past due” basis
 2. Greater % is estimated for older debtors
 3. Sum of all the estimated amounts is closing balance for provision
- 
- A background graphic featuring various financial and business-related icons. It includes a colorful circular chart with segments in green, yellow, and red, a calculator, several stacks of coins, and a faint grid pattern. The overall theme is financial analysis and accounting.

Provision for Bad and Doubtful Debts

Accounting for Bad and Doubtful Debts

An abstract background graphic on the right side of the slide. It features a large, faint, stylized number '23' in the center. To the right of the '23' is a circular chart with concentric rings in yellow, green, and blue. Below the '23' is a purple and pink curved shape. At the bottom right, there is a calculator icon and several stacks of coins. The background is composed of various geometric shapes, lines, and dots in shades of gray, creating a complex, layered effect.

Recognition of Bad Debts

A business has Trade Receivables (Debtors) of Rs.75,000. Among the Debtors' balance, Mr A owes Rs.5,000 to the business who has recently been declared as bankrupt and should be written off.

The background of the slide features a faint, stylized illustration of financial concepts. It includes a large, multi-colored circular arrow (representing a cycle or process) in the upper right, a stack of coins at the bottom, and a calculator on the right side. The overall theme is business and finance.

increase or
decrease

Provision for Bad and Doubtful Debts

Practice:
Provision for Doubtful
Debts
and
Provision for Discount
Allowable

An abstract background graphic on the right side of the slide. It features a magnifying glass with a colorful, multi-layered lens (yellow, green, blue, red) positioned over a grid of squares. Below the grid, there are several stacks of coins and a calculator. The overall style is modern and business-oriented.

Practice 9.4

On 1-1-20X9 the Provision for Doubtful Debts Account in the books of S. Zahid stood at Rs.1,200 and the Provision for Discount Allowable Account at Rs.150.

On 31-12-20X9, the Sundry Debtors were Rs. 20,400 of which Rs. 400 were considered bad and required to be written off. The discount allowed to Debtors during 20X9 was Rs. 300 (already accounted for DTY).

On 31-12-20Y0, the Sundry Debtors were Rs. 10,100 of which Rs. 100 were considered bad and required to be written off. The discount allowed to debtors during 2010, was Rs. 50 (already accounted for).

On 31-12-20Y1 the Sundry Debtors were Rs.36,200 of which Rs. 200 were considered bad and required to be written off. The discount allowed to debtors during 2011 was Rs. 50 (already accounted for).

It is decided to maintain a provision for doubtful debts at 5% on Sundry Debtors and a provision for discount on debtors at 2% on Debtors.

Show how the provision for Doubtful Debts Account and the provision for Discount Allowable Account would appear in the ledger of S. Zahid for the year 20X9, 20Y0 and 20Y1.

Important Tips To Remember - ITTR

1. Provision for discount is calculated after subtracting credit balance of provision for doubtful debts from the debtors
2. Provision for discount is subtracted from the debtors after subtracting the closing balance of provision for doubtful debts.

Provision for Bad and Doubtful Debts

Recap

Very Important Tips To Remember

Important Tips To Remember - ITTR

- 1. Debtors are not written off with the amount of doubtful debts.**
- 2. Doubtful debts are credited in an account:**
 - known as a provision/allowances for doubtful debts**
 - this provision is set off against the debtors' balance on the face of Statement of Financial Position (balance sheet).**
 - credit balance of the provision account represents specifically doubtful receivables and/or general receivables. At the end of reporting period, there could be a valid reason to believe that there is no doubt with regards to recovery from specific debtors but based on past experience few unidentified debtors might become bad, for which provision is created for general debtors.**

Important Tips To Remember - ITTR

3. Credit balance on provision account is re-measured at each reporting date (balance sheet date).
 - If the required (remeasured) balance is greater than the previous balance, then an additional expense is recognised as bad debts with the incremental amount.
 - If the required (remeasured) balance is lesser than the previous balance, then the amount of reduction in balance would also reduce the bad debts expense for the period.
4. Amount for the bad debts expense chargeable to the Income Statement is worked out as below:
 - Bad debts written-off during the reporting period
 - Add increase in Provision for doubtful debt or
 - Less decrease in Provision for doubtful debt
 - Less Bad debts recovered during the reporting period

Important Tips To Remember - ITTR

5. Amount for the discount allowed expense chargeable to the Income Statement is worked out as below:
 - Actual discount allowed during the reporting period
 - Add provision created for discounts allowable
6. Presentation in Statement of Financial Position / Balance Sheet
 - Debit balance of Debtors account and credit balance of Provision for Doubtful Debts account are set off in the Statement of Financial Position
 - Provision for discount allowable is calculated on remaining debtors balance after subtracting credit balance of provision for doubtful debts from the debtors' balance.
 - Provision for discount allowable is subtracted from the debtors after subtracting the closing balance of provision for doubtful debts.

Important Tips To Remember - ITTR

7. **Bad debts appearing in Dr side of Trial Balance are not subtracted from Debtors balance appearing in Dr side of Trial Balance; because these have already been accounted for.**
