32 MCQs; 8 Questions of 3 Marks & 4 Questions of 5 Marks

Time Duration: 120 minutes

# Objectives

Compiled BY Ahmad Mehboob

1. Searle proposes that declarations have the **DOUBLE** direction to fit.
2. The only evidence to support action theory involves the **sociolinguistic** dimensions of interactional discourse
3. Searle treats language as a natural extension of **NON-LINGUISTIC** biological capacities.
4. According to LoCastro (2012), pragmatic competence for second language learners is important even more than acquiring high linguistic proficiency in the L2

low      **high** ✓      mid      none of the given options

5. Positive face-threatening acts are a direct challenge to the face of the listener.

**direct** ✓      indirect

6. communicative competence invented by the **anthropologist** and sociolinguist Dell Hymes

7. the demonstratives encode a \_\_\_\_\_ way proximal/distal distinction,

**two** ✓      three      five      four

8. "how fat you are" express according to **praising**

The British and North Americans have a \_\_\_\_\_ sequence rather than just ending with a farewell

**pre-closing** ✓      ending      windup

9. A presupposition is something the speaker assumes to be the case **prior** to making an utterance

10. What is there less social distance there is less \_\_\_\_\_ politeness and indirectness.

**Negative**      Positive      Agentive      Adjective

11. An interlanguage translation model requires \_\_\_\_\_ procedure one decoding procedure and one encoding procedure of the six language.

15      6      9      **12**

12. The expression such as perhaps may be kind of and sort of etc come under the heading of

Spouts                  Patterns                  Enclosure                  Hedge

13. Question like using isn't it on reserve isn't it?

Neutral                  Tag                  Open                  Close.

14. Conversational analysis examines \_\_\_\_ level meaning with in a that

Serious                  Same                  Different                  Interactive

15. If I \_\_\_\_ president .I would change the country condition

Was                  Had                  Were                  Have

16. LoCastro (2012) highlights a speech variable found in an individual's speech in Australia and the U.K., i.e. women may drop their h's.

17. Example of scale is.....

Numerals, modals                  adverb, completion                  connective, adjectives                  all of these✓

18. This and That are the examples of.....

deictic expression                  dectic reference

19. Conventional implicature is associated with speaker or \_\_\_\_ rather than a sentence.

reference                  utterance

20. Linguistic material that is less than a complete sentence is called.....

fragment                  sentence                  clause                  none of the given option

21. Statement that expresses a proposition that is necessarily true is called a.....

Tautology

22. The main concern is when teaching a ..... language

Foreign language

23. According to Kanaggy (1999), the children in..... are taught the cultural practices

German                  Greek                  Japan

24. corpus is a ..... word for body

Latin                  Greek                  French                  German

25. The study of language and power is often designated as CDA

Polital    Societal    Philosophical    Critical

26. complements carry pragmatics meaning across culture.

Aforesaid                  Same                  Different                  Uniform

27. Fixedness of deictic center poses a particular \_\_\_\_\_ when we want to quote what others have said to us.

**problem**                      solution                      choice                      program

28. indirect speech act have a ..... illocutionary that has meaning when taken literally

Biased                      Descriptive                      Equal                      **Descriptive**

29. Could you lend me a pen is a ..... politeness

Negative                      Positive Neutral **None of the given option**

30. Among the flowing..... is an indirect directive redressing the face threatening act with negative

Formality of imposition      Formality of dissimulation

Formality of imposture      **Formality of context**

31. In the educational system. ..enables students for audible transcription. **Pilot study**

32. Menard and Warwick (2009) state resistance to learning develops when education system failed to take into **Account**

33. The expression such as, perhaps, may be, kind of, sort of etc. Come under the heading of ...**Hedges**

34. According to Brown and Yule There are **2** main functions of talk.

**35.** in the politeness deference strategy used in..... **Formal**

36. Synonymous words can be used in place of one another, corpora can show that it is not common for words to be readily **substitutable** for one another

37. which of the two news caption is inappropriate

1. At 3 a.m on Sunday ,fire department evacuated people from center of square and near the building
2. **2.As concern fire department evacuated people from center of square and near the building at 3 am.on Sunday.**

## (03 Marks) Questions

### Q. Training in pragmatics outside the class room

Awareness Raising among teachers because there is a lack of teacher training programs. Teachers should be properly guided about the selection of material, the choice of activities and the importance of pragmatic competence. In the next step, language teachers would build the awareness in the learners. For example, the skills in the primary language and culture to help them become more capable of understanding and enacting pragmatic meanings in the target language

### Q. conditions for promise                      3

When the speaker promises to do something, there are two preparatory conditions: First, the event will not happen by itself. Second, the event will have a beneficial effect.

### Q. Conditions for warning

When the speaker utters a warning, there are the following preparatory conditions: It is not clear that the hearer knows the event will occur. The speaker does think the event will occur. The event will not have a beneficial effect.

In properties of conversational implicature, cancellability is also known as \_\_\_\_\_.
